

## **Tree Advisory Committee**

2/04/26 6:45 pm Town Hall rm 101

### MINUTES

#### **1. Appropriate responses to calls/emails from citizens**

- The committee discussed creating a system or protocol to address questions.
- Discussed adding helpful resources to the committee website to point citizens in the right direction to find answers to their tree questions.
- Discussed the need for an introduction of the Tree Advisory Committee to town citizens that includes very precise language about our purpose and goals.

#### **2. Update on progress with tree lists**

- The committee discussed the format and the information that will be included in the tree lists.
- The committee chose the April 2026 meeting as the date in which we will review the assembled tree lists.

#### **3. Other educational materials to review and post**

- The committee discussed creating a list of helpful resources that town citizens can use.
- The committee decided that these resources, along with the tree lists are to be posted on the tree advisory committee website as soon as possible with the understanding that they are a work in progress and can be added to or edited.
