

Q14 In your opinion, where are places in Bethlehem that are most important to conserve?

Answered: 1,151 Skipped: 353

#	RESPONSES	DATE
1	Open spaces in Delmar for deer and green space. Rural farmland in south of town.	10/10/2018 12:06 PM
2	Orchard St. and Fisher Blvd area out to Five Rivers. Meads Lane area. Southern part of town.	10/10/2018 12:00 PM
3	Meads Lane area, Orchard St. and Fisher Blvd., further out by Five Rivers	10/10/2018 11:58 AM
4	The Kenwood Av. corridor around Kleinke Farm is of particular concern. Also the Feura Bush Rd. area, Rt. 32, Waldenmeier, Rt. 85/85A in New Scotland, etc.	10/10/2018 11:55 AM
5	All! Existing open spaces! Too much apartment development!	10/10/2018 11:53 AM
6	Kleinke Farm	10/10/2018 11:10 AM
7	Planted and inactive fields... all wooded areas - what a mess Bender Lane is where the land has been torn up for houses.	10/10/2018 11:08 AM
8	All parks and recreation areas - including the Town Park and waterfront	10/10/2018 11:05 AM
9	Do we need more houses?	10/10/2018 11:02 AM
10	Kleinke Farm, Feura Bush Rd., Wemple Rd., School House Rd., basically any farmland, land around Vista Tech Park	10/10/2018 10:56 AM
11	Town Park area. Farmland, Kleinke, Rt. 9, Game Farm Rd, Delaware Ave., Kenwood Av.	10/10/2018 10:52 AM
12	Waterfront, Town Parks, recreation areas, farmland	10/10/2018 10:50 AM
13	Places that support wildlife and areas for community recreation.	10/10/2018 10:47 AM
14	The open areas - keep sprawl limited	10/10/2018 10:44 AM
15	Kleinke farmland, prohibit current development	10/10/2018 10:42 AM
16	Farmland, meadows, Five Rivers	10/10/2018 10:40 AM
17	We should try to preserve farmland from development when there are people who want to farm it.	10/10/2018 10:39 AM
18	All of it.	10/10/2018 10:37 AM
19	land along Fisher Blvd. Farm on Feura Bush Rd, land around Bethlehem Town Park, land around high school land along Kenwood Av.	10/10/2018 10:36 AM
20	land on S. Fisher Blvd., Land surrounding Bethlehem Town Park. land surrounding Bethlehem H.S. Land along Kenwood Ave.	10/10/2018 10:34 AM
21	9W and Wemple Rd	10/10/2018 10:31 AM
22	Wemple Rd properties near Rt. 9W. Riverfront and Feura Bush Rd. area near Wemple Rd near Hewitts.	10/9/2018 12:47 PM
23	Recreational park areas and wildlife. Trees and shading. Landscaping to reduce the heat in the summer from asphalt.	10/9/2018 12:35 PM
24	Farmland on Kenwood; Mason Road, all of Five Rivers plus more. Henry Hudson Park, more trails along the Hudson River	10/9/2018 12:31 PM
25	End of Kenwood before Rt. 32	10/9/2018 12:27 PM
26	We enjoy hiking and taking walks. Home grown vegetables and dairy products are so important for our healthy lifestyle. Watching nature, sunrise, sunset and animals and birds is so educational and relaxing from our busy lives.	10/9/2018 12:26 PM
27	Whatever areas will benefit wildlife the most. Places that have a lot of mature trees and are near streams.	10/9/2018 12:23 PM

28	Any land that hasn't already been developed for housing and commercial projects.	10/9/2018 12:21 PM
29	existing farmlands or undeveloped wood lots are the most likely places to start.	10/9/2018 12:18 PM
30	Not just one area, but many diverse areas throughout Bethlehem. Small areas and large areas - but frequent throughout the town for habitat, for pollination, for aesthetics.	10/9/2018 12:17 PM
31	Owners can and should be left free to decide for themselves, although government can present incentives. Force is noxious to our natures and our liberty.	10/9/2018 12:13 PM
32	Wemple Road, Farmland between Chadwick Square and Jefferson, Farmland between Hewitts and Colonial Acres. Space along bike trail. Public access to Hudson River and Normanskill and other spaces where public access to ponds/streams/lakes.	10/9/2018 12:10 PM
33	Pine Hollow Arboretum	10/9/2018 12:05 PM
34	N/A	10/9/2018 12:00 PM
35	Five Rivers	10/9/2018 11:59 AM
36	Everywhere; Five Rivers	10/9/2018 11:58 AM
37	Habitat of endangered species, farmland.	10/9/2018 11:55 AM
38	Normanskill under the bridge. Some lots in old Delmar.	10/9/2018 11:53 AM
39	Limiting hard spaces is important for the preservation of ground water. The availability of locally grown food is a real plus for any community.	10/9/2018 11:23 AM
40	Kleinke Farm area but other spaces too	10/9/2018 11:20 AM
41	Along watercourses. Adjacent to Five Rivers and Elm Av. Park	10/9/2018 11:18 AM
42	Existing farmland and large tracts of undeveloped land	10/9/2018 11:12 AM
43	Meads Lane, Kleinke's Farm	10/9/2018 11:10 AM
44	Kleinke's Farm, Mead's Lane	10/9/2018 11:08 AM
45	Five Rivers, Bennet Hill, Hollyhock Hollow	10/4/2018 4:21 PM
46	Kleinke's Farm area, Wemple Rd	10/4/2018 4:19 PM
47	Kleinke's, Glenmont	10/4/2018 4:16 PM
48	All water corridors, all existing forest and field parcels, all contiguous open space, all along Normanskill creek	10/4/2018 4:15 PM
49	Historical sites/homes	10/4/2018 4:12 PM
50	Kenwood Av. from and including Kleinke's farm east to Rt. 32	10/4/2018 4:09 PM
51	Kleinke's Farm	10/4/2018 4:06 PM
52	Five Rivers, Pine Hollow Arboretum, Preserve as much space as possible, we are over-developed.	10/4/2018 4:04 PM
53	Kenwood Av - Kleinke Farm area to bypass. 9W and Wemple Rd. Feura Bush Rd opposite Hewitts, Cherry Av and Elm Av south of 32 bypass.	10/4/2018 4:03 PM
54	Glenmont, Slingerlands	10/4/2018 3:58 PM
55	Those places removed from currently developed areas and removed from highways and major streets. along the bike path into Albany is a good example.	10/4/2018 3:55 PM
56	Trails, creeks, trees	10/4/2018 3:51 PM
57	minimize sprawl, combine smaller lot sizes with open space easement in new residential subdivisions	10/4/2018 3:17 PM
58	Along the river and woodlands.	10/4/2018 12:50 PM
59	Keinke's Farm property and any other agricultural undeveloped land in the town and while I think the Lutz farm sale for the School's Out program is a wonderful idea, I could only support it if it were kept to a limited space.	10/3/2018 5:57 PM
60	Meads Lane, Kleinke's land	10/3/2018 5:16 PM

61	the farms, the seem to turn into "industrial parks" and then big box everything. The small areas that remain in neighborhoods should be saved.	10/3/2018 5:13 PM
62	Woods, creeks, hills	10/3/2018 5:09 PM
63	All existing parks, preserves and farmlands plus wild areas. The areas around 32, Vandyke Rd., Hudson Av. and 335.	10/3/2018 5:01 PM
64	Current open farmland areas - especially don't like land that has been used for single family homes.	10/3/2018 4:59 PM
65	Heldeberg limestone in the southwest corner of the town. Why not open the BPD gun range when not in use?	10/3/2018 4:55 PM
66	All land not presently dedicated to homes, Kleinke's Farm	10/3/2018 4:45 PM
67	Meads, Waldenmeier Roads, Stanton's Farm	10/3/2018 4:42 PM
68	Wemple Rd, also as much woodland as possible	10/3/2018 4:33 PM
69	Delmar, Elsemere, Glenmont, Slingerlands	10/3/2018 4:31 PM
70	To me, the most important areas are the few that are left. As a life time resident and now a parent, it is devastating watching the developmental change. the very essence of what makes this town so special and that gives it that true "small town feel" leaves with each field filling in and each tree cut down.	10/3/2018 4:28 PM
71	5 rivers (surrounding areas), downtown, Normanside/normanskill area behind north street	10/1/2018 10:03 PM
72	Expand the Rail Trail, and connect it with the Waterline (county property)	10/1/2018 2:02 PM
73	Our existing parks and the railway. Open space for local farming so long as the community can consume its goods - meaning no large-scale commercial farms, but rather smaller family-owned or independently owned farms that cater to local consumption habits.	10/1/2018 9:39 AM
74	Hudson River vista's, green space within neighborhood areas, viable operating farms	10/1/2018 9:26 AM
75	Around the schools. Along several main thorough fares	9/30/2018 10:51 PM
76	properties that provide agricultural, historical, educational and recreational opportunities.	9/30/2018 10:31 PM
77	Kleinke's Farm! It's the last open space that is in the heart of Bethlehem. No where else can you drive a mile or two down the road and arrive at a beautiful piece of land.	9/30/2018 10:02 PM
78	All over	9/30/2018 9:51 PM
79	Stream & Creek Valleys	9/30/2018 9:39 PM
80	Existing farmlands and wooded areas.	9/30/2018 9:35 PM
81	Farm fields by Eagle. Lands in and around the Clarksville school, and any other existing open space, whether currently farmed or not.	9/30/2018 9:30 PM
82	There is NO reason that every piece of available land be developed. I am especially concerned with development in areas already congested. I feel Delmar and Glenmont have seen more than enough development.	9/30/2018 9:30 PM
83	Current farmland	9/30/2018 9:04 PM
84	Areas in Glenmont & towards NewScotland	9/30/2018 9:04 PM
85	Kleinkes farm	9/30/2018 8:59 PM
86	I think it is important to protect current farmland and open space as much as possible. Places such as Kleinke's Farm and the neighboring property that is at risk for development. The land on wemple road and such other pieces around the community.	9/30/2018 8:52 PM
87	The farm lands off of Kenwood Ave and Route 32 should be kept as pastures and new farmlands. The woods off of Kenwood and Rockefeller Dr and Walmart and by YMCA should remain wooded areas. Open space and farms keep a community with and it's members healthy and mentally stable. Our schools cannot support this rapid development happening throughout our town. Our road infrastructure cannot support the traffic increase. And all it causes is more pollution in our region. This development happening is overwhelmingly nerve wracking and I want to move out of the village because of it. Please keep open pastures and areas of woodlands and wetlands for us and future generations to enjoy and be nurtured by. Thank you.	9/30/2018 8:46 PM

88	Feura Bush	9/30/2018 8:40 PM
89	-	9/30/2018 8:35 PM
90	Any open space.	9/30/2018 8:11 PM
91	Kleinke's Farm Farmstand. And the other proposed land belonging to another Kleinke member	9/30/2018 7:56 PM
92	any area of land with trees, open land, along New Scotland Ave in the National Historic District of Slingerlands and land along the Hudson River	9/30/2018 7:48 PM
93	Kleinkie farm!	9/30/2018 7:27 PM
94	My home.	9/30/2018 7:21 PM
95	Existing open spaces and land.	9/30/2018 7:16 PM
96	Kleinke's farm both dairy and produce farms	9/30/2018 6:32 PM
97	Kleinkes farm, lots near kenwood ave, Delaware ave and the schools. Preserving farm land to encourage local goods is highly important	9/30/2018 6:27 PM
98	Existing farms and recreational/community space and undeveloped land that is still important for wildlife.	9/30/2018 6:16 PM
99	Keineke Farms and any other undeveloped parcels	9/30/2018 6:14 PM
100	Land on Kenwood ave	9/30/2018 5:56 PM
101	Farmland around Kleinkes, Mead Road, Game Farm Road.	9/30/2018 5:42 PM
102	Kenwood ave...Waldemiers...I understand money is greed, but where does it end? Its sad to see all the fields disappearing. We ARE a community and some of us have lived here all our lives. We want to keep the Open Spaces fresh produce and farm heritage	9/30/2018 5:33 PM
103	Ken wood ave , Glenmont area south Bethlehem	9/30/2018 5:30 PM
104	Open Lots in Old DELMAR kleinke's farm Wemple Road Slingerlands especially around the New Scotland Kenwood Area	9/30/2018 5:25 PM
105	Along Kenwood Ave. one of the few ways to enter Delmar is now being built up. Taking once farmland and allowing houses and business to be be built.	9/30/2018 5:25 PM
106	The farm land on Kenwood Ave, always nice to see open fields.. the people who grew up on the land still lives locally and they still live that land as they used too. It's attached to them as they grew up on the farm land. Also the farm on 9w, we need to leave farms alone as we don't have many locally..	9/30/2018 5:07 PM
107	Farmland	9/30/2018 4:54 PM
108	Basically, whatever's open should remain open. All of the open land along the rail trail, Wormer Toad, Kleinke's Farm	9/30/2018 4:50 PM
109	Quality of life is better with open spaces and scenic views	9/30/2018 4:36 PM
110	Any remaining areas on Kenwood including Kleinkes', Wormer Road,	9/30/2018 4:01 PM
111	Kleinke's Farm, agricultural land along Meads Lane, agricultural or undeveloped land adjacent or near to the Town Park and Town Dog Park, as yet undeveloped land along Orchard Street, as yet undeveloped land adjacent or near to Hudson-Mohawk Nature Conservancy wetlands preserves or nature preserves, agricultural land adjacent or near to the Rupert Road Transfer Station	9/30/2018 3:45 PM
112	Glenmont, Delmar and Feura Bush.	9/30/2018 2:57 PM
113	Kenwood ave	9/30/2018 2:56 PM
114	Unfortunately, most are now gone.	9/30/2018 2:38 PM
115	Need to conserve	9/30/2018 2:27 PM
116	"Green" needs to be spread out over the ENTIRE town, but not necessarily the same type of "green" in every area. E.g., farming in the village of Delmar might not be as feasible as it is in Selkirk, but parks and rail trails can be maintained and added to.	9/30/2018 1:54 PM

117	Existing farmland but give the OWNERS the right to make their own decisions. It is not up to the public to decide where the public wants public access. Private property rights are sacred and should always supersede the public's desires. If the public wants public access then they need to put their money where their mouth is and BUY the desired land or agree that their taxes are going to need to be hiked to pay for all the public amenities desired.	9/30/2018 12:54 PM
118	Glenmont, Feura Bush, Feura Bush Road, Wemple Road, Kenwood Ave, Slingerlands 5 Rivers area	9/30/2018 12:38 PM
119	5 rivers. Other current parks and recreation areas.	9/30/2018 12:23 PM
120	unsure	9/30/2018 12:03 PM
121	Not sure off the top of my head but Glenmont where I lived is highly overdeveloped. Of course, Delmar and Elsmere are being plagued by the overnight construction of cut-out homes ..cheaply made...that all look alike..on every inch of unused land. Unacceptable.	9/30/2018 10:21 AM
122	Slingerlands land on Fisher. Kleinke's farm	9/29/2018 9:47 PM
123	Existing farmlands!	9/29/2018 6:10 PM
124	All larger tracts of land/farmland/undeveloped space.	9/29/2018 3:00 PM
125	Undeveloped, wooded areas, particularly those adjoining or protecting streams and other water bodies.	9/28/2018 9:35 AM
126	Don't really know. So much has changed, so many developments.	9/28/2018 8:41 AM
127	Food growing/ non smelling farms. Town parks& rec spaces	9/28/2018 5:54 AM
128	Riverfront, Normanskill, parks	9/27/2018 9:39 PM
129	Area around rail trail. Normanskill area	9/27/2018 6:15 PM
130	Unknown	9/27/2018 10:59 AM
131	Areas surrounding the Rail Trail, Normanskill area, farmland and open areas out past the high school and in Glenmont area	9/27/2018 10:11 AM
132	Undeveloped lots in town, Five Rivers and surrounding land, Hudson River adjacent lands	9/27/2018 10:10 AM
133	Farm lands, large lots of undeveloped land	9/27/2018 10:04 AM
134	Farm land, wild land, parks.	9/26/2018 7:51 PM
135	The greenspaces, not necessarily huge, that are yet undeveloped in Delmar and glenmont and the most populous areas in town. As well as farmland, most especially Kleinkes farm.	9/26/2018 5:55 PM
136	Out 443 by Thatcher Park	9/26/2018 5:44 PM
137	The remaining farms, the beauty of the farms and seeing the cows on Feura Bush is what gives Bethlehem its charm! Protect our green space, stop the building madness!	9/26/2018 12:18 PM
138	We are developed enough. No new developments necessary	9/25/2018 6:52 PM
139	Overdevelopment not only destroys natural habitats for animals but also breaks up migration paths. All open farmland, tree areas, trails, and non-developed areas of Bethlehem should be extremely regulated and protected - if development is to occur make it more attractive for new farmers to get their start and create generational farms for the future	9/25/2018 3:54 PM
140	Glenmont and Slingerlands, specifically the farms inn Feura Bush Road and Fisher Boulevard	9/25/2018 3:04 PM
141	Five rivers	9/25/2018 11:40 AM
142	We need to stop the sprawl in Glenmont	9/25/2018 11:28 AM
143	Any open land should remain open	9/25/2018 10:52 AM
144	Parks, nature areas, farms, etc. Keep green space for residents to enjoy!	9/25/2018 9:52 AM
145	There are enough houses currently. If people need new houses, tear down old ones and rebuild.	9/25/2018 9:49 AM
146	Areas in/around Game Farm Rd. and Five Rivers, in/around Wemple Rd., and green spaces within Delmar/12054 to keep density of homes from growing excessively.	9/25/2018 9:41 AM
147	5 rivers The rail trail Elm ave park The trails behind Normanside	9/25/2018 9:17 AM

148	Anywhere there is a natural habitat, wetlands, places of natural beauty.	9/25/2018 9:06 AM
149	Kleinke's farm area on Kenwood. Glenmont area toward Selkirk.	9/25/2018 9:02 AM
150	I'm not sure how to answer this question.	9/25/2018 8:17 AM
151	Those that presently exist. The Town is squandering it's precious resources, that once gone, can never be replaced. Let us use our "collective head" to preserve what remains. "I'm wildness is the preservation of the world". Henry David Thoreau	9/24/2018 4:02 PM
152	waterfronts and farmlands	9/22/2018 8:45 AM
153	Feura bush, five rivers	9/22/2018 5:46 AM
154	Farm land	9/21/2018 9:42 AM
155	Existing park space	9/21/2018 8:40 AM
156	Near waterways and in those areas already becoming congested like Delmar and Elsmere	9/20/2018 6:16 PM
157	Along Hudson River	9/19/2018 11:28 PM
158	Rail trail. Public parks. Basically, and public open space.	9/19/2018 9:18 PM
159	Areas that SHOULD be protected but aren't.	9/19/2018 7:02 PM
160	Wherever there is still open space/free land should be retained. The town has enough housing. We do not need more development to strain the schools, resources, services, etc.	9/19/2018 3:09 PM
161	All present farmland that has not been developed	9/19/2018 1:15 PM
162	Slingerlands between McCormack Rd. and Cherry Ave. New Scotland Rd. abd Kenwod. Elm Ave. and Wemple Rds in Selkirk.	9/18/2018 9:51 PM
163	Pockets in the areas that are more developed (so people have green and open space walking distance from them), farm uses Located where they are likely to thrive, open space along waterways for fishing access and such.	9/18/2018 6:46 PM
164	Areas south and west of developed parts of town	9/18/2018 1:40 PM
165	Kenwood Ave and near the high school	9/18/2018 11:49 AM
166	Where available	9/18/2018 11:20 AM
167	Areas such as Bender Lane and the area between McCormack Road and Cherry Ave.	9/18/2018 7:43 AM
168	areas prone to erosion such as hillsides. Preserves such as five rivers, water front access	9/18/2018 5:15 AM
169	Along the Hudson, all current and recently lost farm land, southern and western Bethlehem.	9/17/2018 10:18 PM
170	Everywhere, planning and land-use should be more important than just development For the sake of developers to make a lot of money. Emphasis should be taken to redevelop and repair existing structures throughout the town.	9/17/2018 6:16 PM
171	Feura Bush Road and side streets. Traffic is very busy as more development takes place. The small town appeal is becoming lost.	9/17/2018 6:15 PM
172	Town Hall 393 Delaware Avenue Delmar NY	9/17/2018 10:40 AM
173	clarksville	9/17/2018 6:54 AM
174	All open spaces- wetlands, farms, fields and meadows, woods.	9/16/2018 10:53 PM
175	Kleinke's Route 9 & Wemple Rd Five Rivers Normanside CC and Normanskill	9/16/2018 10:51 PM
176	This should be addressed on a place by place and case by case basis. A simply survey to determine answers is irresponsible.	9/16/2018 10:33 PM
177	Kleinke Farm and surrounding lands.	9/16/2018 10:27 PM
178	Important to be mindful of all open areas in each hamlet, which each have there own character and spacing. Delmar has more limited open areas already, so restrictions on new projects should very strong. But Glenmont's character is served by widerspases, and more farming space. Large apartment complexes do not enhance the area and adds strains on existing infrastructure.	9/16/2018 10:09 PM
179	meade's lane, kleinke farm	9/16/2018 9:54 PM

180	I haven't lived in town long enough to know.	9/16/2018 9:34 PM
181	Per above questions	9/16/2018 9:26 PM
182	The areas in Glenmont along 9W and River Road as it heads toward Ravena and the property outside of Slingerlands. Also, I do not see the need to build a house and every square inch of open property in the various neighborhoods of Bethlehem especially Delmar.	9/16/2018 7:59 PM
183	Kleinke's farm is definitely high on the list. My family and I frequent it and would hate to see it developed.	9/16/2018 7:23 PM
184	Feura bush road area, Wemple road area, kleinke farm, open space/farmland along 9W, Bender lane behind Wal-Mart.	9/16/2018 6:07 PM
185	Farmland in Glenmont, 12077.	9/16/2018 5:52 PM
186	Areas closest to population centers in north half of the Town	9/16/2018 4:56 PM
187	Not sure	9/16/2018 3:01 PM
188	Stop building	9/16/2018 2:59 PM
189	local farms with no till cultivation, native habitats - marshes, woods, streams, pastures with no till farming and native plants - wildflower, No car communities with more bikes and walking paths. Cluster parking, garages at entrance of communities. Lands like 5 rivers environmental education center and mature woods.	9/16/2018 1:40 PM
190	Along the rail trail, near schools	9/16/2018 1:21 PM
191	.	9/16/2018 1:07 PM
192	Area toward 5 Rivers. Glenmont (careful with that exploding development!).	9/16/2018 12:31 PM
193	Every where. All new shopping & commercial business should remain in the same areas where commercial business are, not let to spread all over town. Prime example the corner of Feura Bush rd & Elsmere. A commercial building was approved. It negatively changes the character of a residential neighborhood. Whom ever approved a commercial building in the middle of a residential area doesn't care about the town. They are influenced by the all might dollar. Its sad when developers have unbridled influence on the town board. Big money always gets their way. They are destroying the small town character of the Tri-Village. Rte 9W in Glenmont has suffered the most and its going to get worst. Developers are proposing to build more shopping. We don't need it. These project befit a select few, the Developers. I would rather drive out of town to shop rather than let more commercial building be built in Bethlehem. To much. It needs to stop.	9/16/2018 12:04 PM
194	The Normans Kill, Krum Kill Phillipin Kill,Dowers Kill, Vloman Kill drainages need to be preserve with more hiking access. I would like to see Meads Lane, Wemple Rd, Walden Maier Rd, remain farm land	9/16/2018 11:48 AM
195	Selkirk. Open, rural character. Many areas lack sewer which is an unnecessary luxury, and some lack town water. The addition of mass complexes and housing developments overstretches public utilities, roadways, etc. While Delmar and Slingerlands can handle these with many secondary and thirddary roads, Selkirk is very stretched for Traffic migigation. Example would be the Massive amount of traffic and truck traffic on NYS 396/Maple Ave at a speed limit of 30 MPH that at times is more like 40+	9/16/2018 11:46 AM
196	I'm not sure.	9/16/2018 11:35 AM
197	Out 32 past Elm Avenue Park. Meads Lane. Waldenmaier Rd. 144. Wemple Rd. Farms along Kenwood near Bypass. PROTECT THE VIEWSHEDS.	9/16/2018 11:23 AM
198	I don't have an opinion on particular areas due to lack of knowledge but I think that protecting greenspace is very important for most of the reasons listed in the previous questions. I also think that it would be nice to keep the Bethlehem School District at a size similar to where it is now - not have it grown significantly larger	9/16/2018 11:19 AM
199	anyplace!!	9/16/2018 10:55 AM
200	Lower Kenwood by klienkes farm, outskirts of slingerlands and leave alone any exsisting vacant lots left within Delmar itself	9/16/2018 10:07 AM
201	As many areas as possible	9/16/2018 9:31 AM
202	Kleinke farm area, Waldenmaier Rd., Normanskill Farm, Clarksville	9/16/2018 9:29 AM

203	Riverfront	9/16/2018 9:23 AM
204	Along bigger roads like 9W and Rt 32 open space is shared space.	9/16/2018 9:04 AM
205	Anywhere we can. Too many developments are taking the place of our green spaces.	9/16/2018 9:00 AM
206	Areas that are currently untouched. Areas near Henry Hudson Park and all other pocket parks in Bethlehem.	9/16/2018 8:19 AM
207	On at least some of the higher-traffic roads into town.	9/15/2018 3:58 PM
208	Kleinke's Farm and all open farmland. Wooded acreage so developers from out of town don't cut down trees and put up ugly apartment complexes and "shops" that don't rent!	9/15/2018 2:56 PM
209	Meads Lane should never be developed!	9/15/2018 10:42 AM
210	All are equally important to conserve and protect.	9/15/2018 9:17 AM
211	Areas relating to wildlife habitat.	9/15/2018 8:37 AM
212	Existing open space. Have zoning code and enforce the existing zoning code instead of allowing developers to opt out with variances. Often conservation easements are on unbuildable land anyway.	9/14/2018 4:06 PM
213	Any existing land that has not yet been developed should be conserved.	9/14/2018 10:56 AM
214	Any avoidable new developments	9/14/2018 9:26 AM
215	The Kleinke family farm land (off of Kenwood Ave; and which extends all the way to the new bike trail in the Glenmont-Delmar area) now being considered for development. The majority of Kleinke family members want to keep this land in the family for agricultural purposes; and young family members are interested in carrying on the family's generations-long tradition of farming. But a single family member with an "axe to grind" seems hell-bent on selling to developers - even while the family is matching her selling price of property. We could use some "creative thinking" here by those in local government to preserve this beautiful open space!!	9/14/2018 8:23 AM
216	green space in vicinity of Kleinkes farm, any green space left in Glenmont as that area is especially congested and rife with overdevelopment, any green space near rail trail	9/13/2018 10:14 PM
217	Five Rivers and surrounding area Areas where farm homes / buildings / land is. If we choose to develop these areas, commingle the old with the new to keep character as well as history in place i.e. Along the Kenwood ave corridor Expand public parks, require developers to include a small parcel of the development to include quiet areas, for sitting and bringing little ones to play and use swings/slides. River front and attached areas on the route 144 corridor	9/13/2018 8:52 PM
218	Five Rivers	9/13/2018 8:35 PM
219	Some of the areas that I feel are important to conserve are areas such as Selkirk where there has not been so much development and should remain that way. Other areas such as Glenmont and Delmar where there are or were farms are being converted or in the process of becoming developments are too common and again negatively affect the character and history of Bethlehem. An example of that would be the impending development of the Kleinke farm. Slingerlands is not a large hamlet yet there is a lot of development or impending development that does not fit the character of this historic district. It is important at this point in time to conserve what is there and not go down this road of overdeveloping.	9/13/2018 5:03 PM
220	viewsheds--Heldebergs, combinations of fields and forest the waters of the Hudson	9/13/2018 4:21 PM
221	Existing old growth forest areas.	9/13/2018 3:07 PM
222	the Elm Ave park and Kleinke Farm	9/13/2018 2:50 PM
223	Where it is already open and vast. Five Rivers. Feura Bush. Let new development go in smaller lots next to already built properties, such as before the Normans Kill bridge on Delaware Ave.	9/13/2018 2:47 PM
224	The whole town. Too much new construction of apartments	9/13/2018 2:16 PM
225	Areas along the Hudson, streams, ponds and other scenic areas as well as the character of town center in Delmar.	9/13/2018 2:03 PM
226	Current operating farms should be a priority. Those farms should be given extra attention to maintain viability	9/13/2018 2:00 PM
227	Glenmont	9/13/2018 10:28 AM

228	mead farm, land around 5 Rivers, whats left open space around and on wemple road, kleinke farm, near hewitts, out delaware ave past the Y, around the town park, out 32, route 9 south of glenmont etc.	9/12/2018 9:01 PM
229	All of it, their has been too many developments built all over.	9/12/2018 5:02 PM
230	Slingerlands, Glenmont	9/12/2018 4:20 PM
231	There is already much unused space and open land in Bethlehem that is privately owned and taxes paid on it. The Town has no business trying to increase our taxes to buy land to take it off the tax individual rolls. Take a ride outside of Delmar (where 90% of tax dollars get spent) and you will see open space, wild life and agriculture.	9/12/2018 1:22 PM
232	Norms skill and rail trail area	9/11/2018 7:53 PM
233	We should value all our open space and think sustainably. There are current areas that are run down or empty and it's these areas that should be rebuilt or fixed up to keep Bethlehem a beautiful and thriving community.	9/11/2018 7:46 PM
234	Slingerlands, Glenmont, Clarksville	9/11/2018 6:21 PM
235	Historic locations. Areas around bike trails etc. what happened around bender rd is a shame	9/11/2018 1:10 PM
236	Undeveloped lands that provide habitat connectivity for wildlife and conserve water resources such as streams and wetlands	9/11/2018 12:35 PM
237	Kleinke's Farm, areas near the Hudson River, Wemple Road	9/11/2018 7:57 AM
238	All lands that are currently undeveloped	9/10/2018 8:03 PM
239	The Bender Road forested area, farmland near Wemple Road and Route 9W. Also, out Kenwood Ave. near Rockerfeller Rd. and Route 32. I can't think of the others.	9/10/2018 7:55 PM
240	All of bethelem	9/10/2018 6:53 PM
241	In all areas that are not currently developed moderately developed and undeveloped lands). Where Bethlehem is presently developed (older neighborhoods), a house here or there on an already existing grid (no McMansions) is ok. The problems as I see it are where existing green space, wooded areas and farmlands are slowly being taken over by development. The charm and balance of this area is what makes it attractive. There are more and more homes in the area going up for sale as the current population of homeowners ages and downsizes. The town needs to anticipate this and maintain the nice balance it currently enjoys before it's to late.	9/10/2018 6:18 PM
242	Entire area adjacent to the normanskill. All remaining greenspace around elm avenue park. All remaining undeveloped parcels adjacent to the heldebrg hudson rail trail. All areas adjacent to five rivers. Encourage redevelopment of existing underdeveloped areas like underused areas near 4 corners.	9/10/2018 4:53 PM
243	Large field that's bordered by Murray Ave, Elm Ave & Shanks Place is a large habitat for wildlife and is an area of streams and wetland; any housing development there would create traffic nightmares for Elm Ave, the Elm Ave Park & Murray Ave.	9/10/2018 3:54 PM
244	river front, southern Bethlehem farms, rail trail	9/10/2018 9:40 AM
245	It appears that what little is left to develop is south of the bypass. It also appears that people north of the bypass know very little about the southern half of the town.	9/10/2018 8:36 AM
246	I am down the road from Kleinke's farm so appreciate that the most. But I love having the combination of neighborhoods and farmland and woods.	9/9/2018 12:29 PM
247	Historical landmarks and open spaces	9/8/2018 2:56 PM
248	GLENMONT. 9W AND FUERA BUSH RD. STOP TO FIT MORE STUFF IN THAT AREA.	9/8/2018 2:40 PM
249	Wooded areas and farmlands	9/8/2018 12:58 PM
250	Any currently open space should be kept undeveloped with the exception of adding walking trails for public use.	9/8/2018 9:57 AM
251	Everyplace within approximately a ten-mile radius of the Four Corners	9/8/2018 9:52 AM
252	See above. Don't know what is in the works though.	9/8/2018 8:46 AM
253	The few places that are still undeveloped. We have seen Slingerlands turn into a commercial area and have seen the beauty of Bender Lane marred by new development.	9/7/2018 6:17 PM

254	Slingerlands, Clarksville, land near Thatcher Park, preserve large farms and rural areas	9/7/2018 4:21 PM
255	Kleinke farm, Helderberg escarpment viewshed, Font Grove Road, North Street (terminus at north end with old house), probably others I can't think of at the moment	9/7/2018 3:54 PM
256	Every single part of Bethlehem should be conserved. We have more than enough businesses around the town of Bethlehem we do not need to bring in more. We don't need to have huge corporate apartment complexes either. we need to support farms and small private own businesses. even landlords that exist throughout Bethlehem.	9/7/2018 9:41 AM
257	Along the Hudson River, around 5 Rivers, along the Normanskill River, anywhere development has not yet occurred.	9/7/2018 9:37 AM
258	Slingerlands	9/7/2018 9:10 AM
259	delmar, elsmere, glenmont,north bethlehem, selkirk, slingerlands, south bethlehem.	9/7/2018 3:38 AM
260	Commercial	9/6/2018 11:49 PM
261	Areas near water, streams and wildlife	9/6/2018 8:38 PM
262	With the exception of public access to the river and maybe some other special-use common-good areas, I don't think the town has a role in picking specific locations to preserve.	9/6/2018 8:01 PM
263	Weve already over developed to much to save it now	9/6/2018 6:53 PM
264	Kleinke's farm, other open space along Delaware ave. past the high school	9/6/2018 5:38 PM
265	Fisher Blvd areas Wemple Road areas Clarksville	9/6/2018 5:26 PM
266	Open spaces in Delmar. that way they aren't as concerned about my land in Glenmont	9/6/2018 4:59 PM
267	The areas that do not have developments on them yet.	9/6/2018 4:44 PM
268	All the open land that has not been taken over by development, more so on the outskirts of Bethlehem by the Town of New Scotland.	9/6/2018 3:31 PM
269	Land off of Feura Bush Rd by Hewitt's, Wemple Rd	9/6/2018 2:16 PM
270	it is too late, your high tax rates on open land have driven away commercial farms	9/6/2018 1:11 PM
271	All open space. The more that the available land in the area is conserved and made available to the public the more this area will retain its value. More houses and parking lots will just depreciate the area. Just look at the normanskill farm and rail trail as examples, sure people used them before but now that those areas are available to the public they get so much more sustainable use and enjoyable to anyone. Sadly the town of Bethlehem is lacking in areas like this but has so much beautiful land that could be conserved and put to good use.	9/6/2018 11:41 AM
272	The farmland by the high school and any nature trails	9/6/2018 11:21 AM
273	Farmland, open fields, woods, 5rivers	9/6/2018 11:11 AM
274	Our woodlands.	9/6/2018 11:05 AM
275	The existing parks should be concerved and the wildlife allowed to prosper.	9/6/2018 9:24 AM
276	Anywhere that has open space still! This town already put in so many new developments throughout the last five years. It's time to stop. Eventually a town just becomes overpopulated, and you will lose the community that has been here for so long.	9/6/2018 9:13 AM
277	Glenmont, delmar,Selkirk	9/6/2018 8:46 AM
278	The farm land where people want to live and make a living. This area is meant for those who want to live in a safe area for their family. It's not meant to be a city.	9/6/2018 7:35 AM
279	The current balance between commercial/development areas and more rural areas needs to be maintained.	9/6/2018 7:08 AM
280	Open farm land on wemple, feura bush, etc	9/6/2018 6:52 AM
281	Taxing farmers for acreage is causing developers to buy out and take over.	9/6/2018 6:36 AM
282	Kleinkes farm	9/6/2018 6:27 AM
283	The farm land. Bethlehem is driving the farmers out! ☹	9/6/2018 6:16 AM
284	Glenmont	9/6/2018 5:01 AM

285	None! I'd move but my other half won't live this over taxed town that offers me nothing	9/6/2018 1:11 AM
286	Anywhere that still has nature and hasn't been destroyed by building	9/6/2018 12:51 AM
287	Glenmont already has grown into too big of a "shopping" place. No need to add more. Farmland on Kenwood is extremely important to keep to me and my family, along with locations all over Delmar.	9/5/2018 11:37 PM
288	everywhere	9/5/2018 11:21 PM
289	Area around five rivers, wildlife conservation behind Murray ave	9/5/2018 11:02 PM
290	Any wooded locations. We have driven the natural wildlife out of the area and into private properties and into roads enough. Preserving wildlife should be a major concern with the number of deer and other critters that are now forced to get closer than comfort to homes and roads.	9/5/2018 10:59 PM
291	I believe that every area in Bethlehem that is currently an open area should be left that way. This includes public parks, commercial and privately owned farmland, and vacant, undeveloped lots.	9/5/2018 9:54 PM
292	Five Rivers,	9/5/2018 9:20 PM
293	Open space generally, 5 Rivers, Kleinke's.	9/5/2018 9:01 PM
294	land that can be used for farming.	9/5/2018 7:38 PM
295	Near 5 Rivers and Town Park.	9/5/2018 5:05 PM
296	Places with large forest areas, wetlands and other water bodies. Also, it would be nice if 85 does not become completely deforested and paved over.	9/5/2018 4:17 PM
297	Hudson River Glenmont, Delmar, Slingerlands, Elsmere, Selkirk, North Bethlehem	9/5/2018 3:22 PM
298	Mead Lane	9/5/2018 9:18 AM
299	Na	9/5/2018 8:34 AM
300	Any landowner with undeveloped land ! Any farmland	9/5/2018 8:21 AM
301	Don't know	9/4/2018 9:53 PM
302	Farm between brightonwood and Jefferson. Farm on Kenwood by little league	9/4/2018 9:47 PM
303	All open space in Bethlehem are important to be conserved. There is already enough damage done by the developments built in farm area and woods. Bethlehem must put a moratorium in construction. Farms must be sold only to continue being farms. We don't need more roads through the woods, developments or business.	9/4/2018 9:07 PM
304	Near Five Rivers, glenmont, Slingerlands - spaces that are now open. I have no problem with more houses being built in Delmar itself.	9/4/2018 6:08 PM
305	We should conserve all the space that we can. All of Bethlehem is congested already with people and vehicles.	9/4/2018 3:17 PM
306	Honestly, anywhere we have left. Glenmont, Delmar, Slingerlands are all almost out of land not dedicated to housing or business	9/4/2018 2:49 PM
307	Kleinke's Farm land, 5 rivers and any other family farm land or protected environmental state protected land in the town/community	9/4/2018 12:52 PM
308	existing farmland, open spaces, forest lands, local water supply	9/4/2018 9:58 AM
309	dont know	9/3/2018 9:13 PM
310	Wooded, undeveloped land.	9/3/2018 9:00 PM
311	Kenwood Ave. , Kleinke's Farm	9/3/2018 8:34 PM
312	Hudson River areas.	9/3/2018 4:16 PM
313	Along the streams in town. The Normanskill and its tributaries are especially vulnerable. But the other streams and the Hudson are also quite important.	9/3/2018 4:09 PM
314	Kleinkes	9/3/2018 3:03 PM
315	The woods. And farmland	9/3/2018 2:54 PM

316	Very happy about the recent success in preserving open land a portion of Fischer Blvd. but hope that more of Fischer Blvd. can be preserved. Feel it is important to maintain open space/farmland throughout the town.	9/3/2018 2:23 PM
317	Kleinke's farm. I am sure there are many more but I don't know how to identify them	9/3/2018 12:29 PM
318	Klienke farm area; area around 5 Rivers and Elm Park; area between Rockefeller Road, Reid and Mason	9/2/2018 3:42 PM
319	Areas near Town Park; near 5 Rivers; Kleinke Farm; land bordered by Rockefeller Reid and Mason (it borders the rail trail and has a lot of wetlands)	9/2/2018 3:03 PM
320	Rail Trail. Hudson River waterfront.	9/2/2018 1:34 PM
321	Delaware Avenue south of village; route 32 near and south of Town Park; Route 9W north and south of Feura Bush Road, Normans Kill corridor.	9/2/2018 11:40 AM
322	Too many to mention!	9/2/2018 8:55 AM
323	Glenmont	9/1/2018 10:45 PM
324	1. Area around the High School. 2. Around 5 Rivers. 3. Around Henry Hudson Park	9/1/2018 9:54 PM
325	Farm land that has been idle.	9/1/2018 7:34 PM
326	Existing farmland and open spaces. The exception to this is the 9W corridor that is already partially developed. Further development wouldn't bother me here.	9/1/2018 7:15 PM
327	Areas of undeveloped land are the most important to remain as such to me. Same for current farms that are struggling to make ends meet.	9/1/2018 6:54 PM
328	All land needs to be preserved; especially Glenmont, which is way over built; maybe just end new construction in Bethlehem if possible. If not end it in Glenmont which has been ruined the past 15 years	9/1/2018 3:30 PM
329	Klienke Farm, near 5-Rivers Environmental Center, any place that is open land now. Traffic is awful now and will only get worse with new development.	9/1/2018 1:12 PM
330	1. Within each hamlet of Bethlehem, we should define high-density corridors where commercial building and high-density housing are encouraged, and we should discourage development and preserve open space outside of those narrow corridors. 2. In the Elsemere area, there is little open space for recreation- if the Normanside golf course is sold, the Town should buy it and turn it into a park.	9/1/2018 1:03 PM
331	Everywhere lol! Wildlife, farming, and wetlands are priority in my opinion, so where these are.	9/1/2018 9:11 AM
332	Does it really look like there is a scarcity of green places in Bethlehem?	8/31/2018 9:05 PM
333	South Bethlehem, Meads Lane, Waldemeir Road	8/31/2018 8:32 PM
334	Islands of green in residential communities.	8/31/2018 3:27 PM
335	Delmar, Slingerlands, and South Bethlehem are the areas I'm most interested in.	8/31/2018 3:05 PM
336	Wetlands, habitats for animals both protected and not	8/31/2018 1:04 PM
337	All parks for families, wildlife and geological features that are currently designated for these things should remain. Some of the development has been good in glenmont, delmar and slingerlands but too much has dampened the quality of our beloved town. Increased traffic has been irritating to me and I have seen many geese and wild life killed on the road as well. And just to note, all the luxury housing is nice looking and well but how about housing for people like myself who have lived in this town since I was born and want to stay in this town, we need affordable nice housing for 20-30 year olds. Without overdevelopment, of course.	8/31/2018 12:52 PM
338	Consider conserving currently remaining open land and lands that can be used to connect town neighborhoods (safe and inviting corridors)	8/31/2018 12:27 PM
339	Any and all remaining spaces that are open.	8/31/2018 12:25 PM
340	Five rivers ,and all the town parks.	8/31/2018 10:36 AM
341	Glenmont is over developed with Walmart, big box stores and chain food restaurants. There is too much traffic in all of Bethlehem. All of it should be conserved at this point. STOP development, the roads can't handle it, the police are overburdened with crime.	8/31/2018 9:52 AM

342	Open spaces that can be used for recreation and farming	8/31/2018 7:23 AM
343	Greenspaces and farmland	8/31/2018 6:56 AM
344	Kleinkie's Farm	8/30/2018 11:57 PM
345	I cannot answer because I am not familiar with all the land within the town.. I do not want to see Delaware Ave. become another Central Ave. (which it is not). I like the country feeling. The Four Corners could be much more charming. Pizza store is unsightly. (Who approved of their facade?) Also Chinese restaurant. Add some charm. to the Four Corners.	8/30/2018 10:16 PM
346	Normanskill Creek. Lower Kenwood Ave. Meads Lane.	8/30/2018 9:24 PM
347	Town park, 5 rivers, 85, 85A	8/30/2018 8:56 PM
348	Riverfront area	8/30/2018 7:25 PM
349	Kleinke's Farm	8/30/2018 6:25 PM
350	any undeveloped land should be kept that way	8/30/2018 6:06 PM
351	The pasture land east of Brightonwood Road and Commonwelath Drive in Glenmont. Also any remaining open space which is surrounded by or adjacent to three or more developments.	8/30/2018 4:08 PM
352	All undeveloped lands outside the immediate village center/4 corners area. Put a moratorium on breaking new ground. Or charge a VERY HIGH premium payable to the town for the breaking of new ground so lands can be purchased for conservation/farming.	8/30/2018 3:21 PM
353	Nzzed to map existing open spaces, prioritize spaces for protection, and then link zoning and future permitting to preserve the priority locations.	8/30/2018 1:49 PM
354	Glenmont	8/30/2018 12:05 PM
355	Not sure about where as so many needs are contradictory for conservation. Would need to know more.	8/30/2018 11:26 AM
356	farmland, ELm Ave., Fisher Blvd, Orchard st.	8/30/2018 10:03 AM
357	Kleinke Farm, around the town park, along the hudson river, around Pine hollow arboretum. Along Wemple rd; Dowers Kill area, 9W.. near the Soccerplex. No more developments!	8/30/2018 9:40 AM
358	Buffers to highways, space for airport	8/30/2018 8:54 AM
359	Five Rivers area. Lower Kenwood Ave.	8/30/2018 7:55 AM
360	Kleinke farm	8/30/2018 7:40 AM
361	Everywhere possible. Please no more devp in Delmar and Elsmere. Too late for these! But at least no more devp in Slingerlands and Glenmont as well as Clarksville. ow about more open land there - parks, etc1	8/30/2018 4:28 AM
362	Truthfully, I feel we have reached a critical "crescendo" and the remaing Open Space and undeveloped land and farmlands need to be completely preserved and protected. We are a special and unique community and the devastation of uncontrolled growth and development is not far from our sight if we don't stop the explosion. Although I feel a landowner has a right to sell, I'd like to see, help create, support, and provide other options than for them to sell to a developer. We are losing our character, but it can be saved and we can do this! In particular the Meads farmland (although I don't think "currently" threatened the Bender Lane Conservation easement (I'm sorry I was out of town last week and unable to be there to speak in support of this proposal at the public hearing,) and of course 65 Kenwood Ave, the Kleinke farmland and proposed development by Tony Cardona. I'm truly hoping Tony will sell this land back to us, the "us" currently undefined, but developing 65 Kenwood is a total tragedy for this town, in so many ways, including; open space, agriturism protection and historic barn preservation. Let's help Tony be a community rockstar! I'm also not in favor of the Rockefeller Rd PDD nor the Recent zoning change of 81 Kenwood, the Kurtz property. The owners need to wait to allow the market and interested buyers to purchase the property as its currently zoned. Devastating Kenwood Ave with development, increased unusual school bus traffic and community housing is not a good benefit for the community. Nor does Feura Bush Rd or Wemple Rd need any further growth at this time, as well as being adamantly opposed to the 100 home conservation sub division on Elm Ave East at Kimmey Point. Doesn't this all seem overwhelming-development our if control to you??!! Thank you for asking, and listening.	8/29/2018 11:50 PM

363	The remaining wooded areas, areas following streams and hollows, also some open land. Very concerned about the number of deer and other wild life that have been displaced and now “wonder our neighborhoods”.	8/29/2018 11:26 PM
364	Where possible, along the river. Also, maintaining existing park lands. Not all open space can be developed due to the high costs involved, so in those cases, provisions should be made to encourage they remain as is.	8/29/2018 10:25 PM
365	Everywhere. There's been an over-development explosion. You're ruining the town. And stop developing every nook and cranny of Delmar. We wouldn't need a ridiculous road hunger strike if you hadn't overdeveloped.	8/29/2018 10:09 PM
366	The Wemple Road farm Five Rivers Thatcher Park	8/29/2018 9:20 PM
367	The wildlife that has been untouched by farmland or developments as well as farmland and parks.	8/29/2018 7:58 PM
368	An effort should be made to conserve contiguous open space lands to facilitate wildlife and scenic views. Areas that have already been an effort should be made to conserve contiguous open space lands to facilitate wildlife and scenic views. Smaller areas that now or already surrounded by development ultimately have less value from a quality-of-life standpoint for the community	8/29/2018 7:32 PM
369	Most important to conserve: our savings accounts as the Town raises taxes and fees to pay large land owners to “conserve.”	8/29/2018 4:59 PM
370	open tracks of land -voted on by the town residents. i.e. where people see open space being most important.	8/29/2018 4:23 PM
371	Area surrounding Five Rivers, most remaining lots within Delmar, areas around all rivers, waterways, areas adjacent to by-pass, general farmland.	8/29/2018 4:04 PM
372	Meads Lane	8/29/2018 3:57 PM
373	The Kleinke Farm, the farmland on Oakwood Avenue, and the open space past the high school.	8/29/2018 3:51 PM
374	Sites that are not yet developed	8/29/2018 3:46 PM
375	Save any existing farmland.	8/29/2018 3:08 PM
376	Every area! We don't need more residents. If the local government could live within its means, they wouldn't need a larger (revenue) tax base. But specifically Slingerlands is the last nice, not over developed part of town in my opinion. But more and more apt buildings popping up. Which is really bad in my opinion. If we are going to overdevelop at least try and attract higher quality residents which come with home ownership vs rentals.	8/29/2018 2:41 PM
377	All treed areas	8/29/2018 2:40 PM
378	Any open space that is available for conservation and/or preservation.	8/29/2018 2:30 PM
379	no place	8/29/2018 1:26 PM
380	Farmland around Oakwood place.Meads Lane, Areas close to the Hudson River.	8/29/2018 11:26 AM
381	Corner of Wemple Rd and 9W. Do we really need more apartments, condos, town houses and shops. Protect the green space that is there, create a community garden space.	8/29/2018 11:15 AM
382	5 rivers	8/29/2018 10:25 AM
383	Farming, park, wetland, and forested areas.	8/29/2018 10:14 AM
384	Our nature preserves and parks, and to make sure land doesn't get used to develop more apartment buildings which will wreck the character of the town and ultimately lead to collapse.	8/29/2018 9:07 AM
385	Open spaces that are being threatened by the increasing tax burden. If I wanted to live in a densely-populated city, I would have settled there.	8/29/2018 8:48 AM
386	Anywhere near the river, and anywhere not near the town's centers.	8/29/2018 8:31 AM
387	Glenmont, Elsmere, Selkirk area, Clarksville	8/29/2018 8:29 AM
388	Lands adjacent to other preserved land; corridors for wildlife; land along streams.	8/29/2018 8:24 AM
389	I am less concerned about farmland and would like to see more resources put towards bike lanes and parks. I see dense living as a plus but want to make sure our town stays pedestrian and bike friendly.	8/29/2018 8:23 AM

390	The old farms, open spaces for walking and hiking, water access	8/29/2018 1:04 AM
391	Lands around the Normanskill and its tributaries. Lands bordering the Hudson River	8/28/2018 8:33 PM
392	I love the area on Kenwood near Kleinke's farm - I've heard that a family member wants to sell their share - but I would hate to see that developed. I would like to see thoughtful conservation/development in the Selkirk area as well.	8/28/2018 7:39 PM
393	We must leave some green space. It seems that every piece of green space in town, no matter how large of small, is being developed for houses, apartments, condos, big box regional stores, etc.	8/28/2018 4:23 PM
394	Glenmont. I've lived in Glenmont for over 20 years and have experienced first hand the negative impacts of development here. Please focus conservation efforts in this part of town to help offset these impacts. Thank you.	8/28/2018 3:32 PM
395	All of the open space/treed lands that are currently not developed - e.g., along the 85 Bypass, Blessing Road, etc.	8/28/2018 2:19 PM
396	Five Rivers Hudson River Meads Lane	8/28/2018 12:47 PM
397	The land at the end of Kenwood Ave before route 32.	8/28/2018 10:47 AM
398	Any place there is currently open space is important to conserve in my opinion. The river front is perhaps most important. The area around Five Rivers is also very important especially given their recent 35 acre enlargement. This facility is a real gem.	8/28/2018 10:14 AM
399	All of them- the town is becoming over populated for the roads and infrastructure.	8/27/2018 7:56 PM
400	Developers should/could be required to incorporate open space into their development proposals.	8/27/2018 6:29 PM
401	Rte 32 Rte 144 Wemple road etc	8/27/2018 6:26 PM
402	Any & all spaces currently with no houses or large buildings already on the lot.	8/27/2018 6:23 PM
403	Keep the parks. Allow dogs in the parks.	8/27/2018 5:19 PM
404	All of them	8/27/2018 5:05 PM
405	On going farms,fields an open areas	8/27/2018 4:35 PM
406	Glenmont,Delmar, Slingerlands	8/27/2018 4:10 PM
407	Farmlands and woods	8/27/2018 4:02 PM
408	Meads Lane, Kenwood Ave. (between Elsmere Ave. and Rte. 32).	8/27/2018 3:47 PM
409	Kenwood Ave farm land, Font Grove Rd.	8/27/2018 2:45 PM
410	Anywhere that's left!!	8/27/2018 2:28 PM
411	South Bethlehem, Hudson and Normanskill Rivers	8/27/2018 1:54 PM
412	Much better to have wooded areas than a lot of developments where the first thing that gets done during construction is eliminate all the vegetation in favor of roads and yards. Existing farmlands should continue to be used to sustain local crops	8/27/2018 12:44 PM
413	Wetlands, parks	8/27/2018 12:31 PM
414	The Hudson River waterfront, Town parks, rail trail	8/27/2018 12:29 PM
415	the outlying area	8/27/2018 11:42 AM
416	Wemple road and 9w. Meads lane. VanDyke.	8/27/2018 12:47 AM
417	None	8/26/2018 9:50 PM
418	Kleinke's Farm. Most of the owners want to conserve as much of the land as possible. The Tiwn should support those who want to conserve the land.	8/26/2018 7:48 PM
419	Keep open land open	8/26/2018 5:56 PM
420	Meads Lane Land adjacent to 5 Rivers	8/26/2018 2:42 PM
421	Everywhere, particularly in the more densely populated areas.	8/26/2018 10:58 AM

422	Places where farms that do not want to sell are threatened by real estate development and places where there is public access to or adjoining public use areas like the rail trail and parks/paths.	8/26/2018 10:29 AM
423	Fieldstone Drive by the wetlands.	8/26/2018 9:58 AM
424	Near the Hudson River	8/26/2018 9:36 AM
425	We have done a good job with the rail trail. The area around 5 Rivers needs to be conserved. It's of big houses encroaching on wildlife habitat is driving deer, turkeys, foxes and coyotes into town. That's not so good.	8/26/2018 9:18 AM
426	This hard to answer, as it feels like there isn't a lot left. So I would like to say everything we have, if that is acceptable. Open space isn't just about all of the conservation questions asked above. It's also simply about mental space, where I can look around and let my mind rest when taking a walk, driving my car.	8/26/2018 7:45 AM
427	The Kleinke farm issue is crucial. My understanding is that there are existing farm and environmental options in lieu of residential development .	8/26/2018 12:31 AM
428	5 Rivers, Places along The Hudson, Rail Trail, Town Park Area	8/25/2018 8:12 PM
429	I am sorry I don't know other than Kleinke farms, meads lane and elm avenue	8/25/2018 4:30 PM
430	Area near the Hudson River, but I never go there because I can't walk my dog there. I go to Albany and Troy. Part of the Kleinke farm should be preserved.	8/25/2018 4:20 PM
431	The areas surrounding Meade Road, Klienke's Farm, the Five Rivers Center, the bike path, what's left of the space beyond the new senior citizen's development.	8/25/2018 4:14 PM
432	The farm by McGee! The farmland near the high school and the area on orchard that's not built on. Keep our farmland. No more developments!	8/25/2018 3:52 PM
433	Green space south of Feura Bush road	8/25/2018 3:24 PM
434	Maximize protection of steam corridors for water quality and stream stability should maximize steam buffers for both purposes. 1st order along with 2nd order and up streams should be prioritized everywhere in Town not just undeveloped areas. Should maximize protection of wildlife corridors; hunting should be supported to limit deer populations to a degree recommended by wildlife biologists; unique areas found in karst areas of Town should be protected to the max. Should support programs to teach hunting skills to next generation. Prime soils for agricultural should be prioritized (is any of it left?). Viewsheds, trails, etc VERY MUCH less important should not be prioritized.	8/25/2018 2:07 PM
435	Farmland and open spaces!	8/25/2018 1:42 PM
436	Town park, areas near high school, soccer field, sidewalks (could use more), Five Rivers, creek areas, etc.	8/25/2018 12:51 PM
437	Stop building. If we wanted to live in an overcrowded city we could move to one of those	8/25/2018 11:35 AM
438	Spaces near Feura Bush Road that are not now developed. Spaces along Delaware Avenue	8/25/2018 10:23 AM
439	All open space	8/25/2018 9:47 AM
440	All those near residential populated areas. We moved her 29 years ago to get away from the central ave look and feel to living and now Bethlehem has its own central ave at the 9w corridor. I don't think anyone from Bethlehem even works at Walmart. How does that help out town? Has Walmart started paying taxes yet or are they still on a free ride. How much do we pay the police to patrol and make arrests over there.?	8/25/2018 9:09 AM
441	Farm land on Feura Bush Road	8/24/2018 10:59 PM
442	Conserve everything everywhere when possible. Kenwood Ave. from Oakwood Rd. to the bypass is significant. Areas of Glenmont.	8/24/2018 6:59 PM
443	The growth of the town has been too rapid, and far too much development has occurred in a short period of time -- leading to a significant loss of open space and threatening to turn Bethlehem into a zone of suburban sprawl essentially indistinguishable from Albany. I would argue for a quasi-permanent development moratorium for Bethlehem going forward in order to preserve what remains of the town's original character.	8/24/2018 4:47 PM
444	Near the river, the open farm spaces, the little pockets, the waterline, along the Normanskill	8/24/2018 2:13 PM
445	RIVER FRONT AREAS	8/24/2018 2:03 PM

446	Bethlehem has lost it's identity as a quaint little hamlet.....it is now essentially - ALBANY. You can't unring the bell or put the tooth paste back in the tube....sad....gone forever ☹	8/24/2018 1:01 PM
447	Mead's Lane. Expansion of protected land adjacent to 5 Rivers Environmental Center. Normanskill for water protection. Mead's Lane!	8/24/2018 12:50 PM
448	In and around 5 Rivers; in and around the Normanskill, all areas west of the high school and north and west of Price Chopper Plaza.	8/24/2018 12:33 PM
449	Any place close to the four corners; the space around the high school, the farmland on Kenwood, the area near ShopRite, and the space on Fisher Blvd.	8/24/2018 12:33 PM
450	All of them cause once theyre gone, theyre gone. Just stop allowing building.	8/24/2018 12:31 PM
451	Our farmland and open space	8/24/2018 10:35 AM
452	Everywhere	8/24/2018 10:22 AM
453	Five Rivers; Hudson River area; Rail trail; Town Park area	8/24/2018 10:05 AM
454	I would need more information and maps to help me make that decision	8/24/2018 9:57 AM
455	Wherever there is still open space that could be conserved and applied to some open-space use: farming, recreation, scenic beauty.	8/24/2018 9:19 AM
456	Thacher Park, North Bethlehem Park, 5 Rivers Preserve.	8/24/2018 8:52 AM
457	Wemple Road, Kleineke farm , any current farmland. Areas near Five Rivers	8/24/2018 7:41 AM
458	Small lots and open spaces all over town, particularly current and former farm land.	8/24/2018 7:31 AM
459	Mead Lane	8/23/2018 10:18 PM
460	Delmar, Meads Lane, land adjacent to Five Rivers	8/23/2018 10:08 PM
461	Areas along the Hudson River. Fields south of the by-pass.	8/23/2018 9:09 PM
462	Anywhere that we can still maintain 2 blades of grass growing together	8/23/2018 8:43 PM
463	Along the river; existing farmland; wooded areas in town	8/23/2018 6:39 PM
464	Klienke farm; the farmland adjacent to it ; Bender Lane(too little, too late)	8/23/2018 5:28 PM
465	Rail Trail, 5 Rivers	8/23/2018 4:12 PM
466	I've heard that the Klienke's farm may be sold for development. It would be good if we could maintain that space for farming - but I would like it to be primarily organic - or at least low impact.	8/23/2018 4:12 PM
467	Along the rivers and streams.	8/23/2018 3:33 PM
468	Feuer a Bush Road	8/23/2018 3:13 PM
469	As mentioned above, the Wemple/9W intersection is a prime example of the need to re-examine the impact of a project. Wildlife would be displaced, farm land would be lost, and the "feel," or personality of that area would change dramatically. A few years ago, sunflowers were planted at that intersection. The beauty and pride generated by seeing that field of sunflowers cannot be overstated.	8/23/2018 2:12 PM
470	Anywhere there is still open spaces!!	8/23/2018 1:38 PM
471	Various areas including Orchard Ave, Meads Lane, Wemple Road, Kenwood Ave, etc.	8/23/2018 12:59 PM
472	Town parks, community gardens, hiking areas.	8/23/2018 12:36 PM
473	area around the rail trail and existing farms	8/23/2018 12:33 PM
474	Near 5 Rivers Along the rail trail Kenwood near Kleinkes farm	8/23/2018 12:32 PM
475	End of Kenwood near Kleinke's. Font Grove Wemple	8/23/2018 12:00 PM
476	Kleinke farm and other local farms	8/23/2018 11:59 AM
477	Kenwood ave Klienkes.	8/23/2018 11:56 AM
478	Assure parkland in developed areas. Walk to. Hudson River. Around schools.	8/23/2018 11:56 AM
479	All the wetlands and open spaces that can be converted to parklands, trails, other public use green space.	8/23/2018 11:30 AM

480	The last open spaces we have left! Every time I take a ride through a part of Bethlehem I haven't seen in a while there is a new condo or housing development. The waterfront and adjoining areas by Henry Hudson park are very important! They are still mostly undeveloped but given how the market is trending anything that's considered a "bargain" or in a less than desirable area will be bought and developed into a high density housing plan.	8/23/2018 11:11 AM
481	Kleine's farm area/Kenwood Avenue. Any open farmland, all wooded areas.	8/23/2018 10:38 AM
482	farms - including kleinkes, existing parks, pine hollow	8/23/2018 9:46 AM
483	Specifically, the open spaces surrounding the Hamlet of Delmar are important to preserve to protect the character of the Hamlet. Further, and more generally, Bethlehem's open space is a large contributor to what makes Bethlehem unique, special and a desired place to live. We lose some of that with each new development on virgin land.	8/23/2018 9:25 AM
484	Kenwood area farms, elsmere open spaces near Normanside country club, Norman skill creek area, open spaces on elm ave, Selkirk power line trail area	8/23/2018 8:55 AM
485	Places utilized by local farmers, such as Kleinke's Farms.	8/23/2018 12:10 AM
486	Area past the town park	8/22/2018 10:38 PM
487	- Meads lane and other areas around Five Rivers - Normanskill area - Bike path corridor - Areas between Meads Lane and the High school - The water trails with little forests criss-crossing the town - Kleinke's farm area - Green spaces in Good Samaritan road - Green spaces close to Adams St. and behind the bike trail - Patches of green that remain in various parts of the community and that add to the sense of openness - Elm Avenue Park including its little forest - Five Rivers!!!	8/22/2018 10:11 PM
488	Farmland, open area sites such as Five Rivers and the like.	8/22/2018 10:10 PM
489	All of it	8/22/2018 10:08 PM
490	Our town is one of the few places in such close proximity to the city of albany with a wealth of natural beauty and parks available for it's residents. As urban development claims more of our nation's natural beauty it is vital that places like Bethlehem preserve what is left of it.	8/22/2018 10:00 PM
491	It would be helpful to have a map of spaces that might get lost...I don't know all the places in Bethlehem that are vulnerable to development.	8/22/2018 9:50 PM
492	Any existing farmland and/or open spaces!	8/22/2018 9:37 PM
493	Definitely farm lands.	8/22/2018 9:00 PM
494	Area north of North Street all the way along the rail trail over to the undeveloped areas adjacent to McCormick Road including the undeveloped acreage owned by NCC. Also the areas around Meads Lane over to Rt. 32 Nd beyond.	8/22/2018 7:51 PM
495	Glenmont Slingerlands	8/22/2018 6:32 PM
496	Parks/open spaces	8/22/2018 6:04 PM
497	Town parks	8/22/2018 5:32 PM
498	Anything existing within the hamlets of Elamite and Delmar. Adding a house on every vacant lot is becoming excessive and incredibly dissapointing.	8/22/2018 4:56 PM
499	Riverfront	8/22/2018 4:35 PM
500	Everywhere. The road structure/traffic patterns of this town are not meant for high density. the town is in danger of losing its quality of life	8/22/2018 3:26 PM
501	East Kenwood Av Farm and Market Store area. The Kleinke farm areas and Feura Bush Rd. area. The Bethlehem Country Club area also.	8/22/2018 2:55 PM
502	Any place there is open land, I hate to see it filled by another boring development. But especially: Kleinke farm land on Oakland Corner of Wemple and 9W Open land on Route 32 LaGrange Rd	8/22/2018 2:51 PM
503	Any large parcel areas scattered throughout Bethlehem.	8/22/2018 2:22 PM
504	n/a	8/22/2018 2:16 PM
505	ALL OF NATURE.	8/22/2018 2:01 PM
506	All of town	8/22/2018 1:31 PM

507	All current open space should be a high priority to conserve.	8/22/2018 12:51 PM
508	There are few remaining farms in town. We would like to see that land remain farmland. Every little swath of green space turns into apartments and office/retail space. We moved here because Bethlehem had a small, home town feel. It is way less the case with each passing year. And we love all the wildlife around us. Continuing development reduces their habitat and we find this unacceptable.	8/22/2018 12:51 PM
509	Areas such as open spaces where animals, like deer, live.	8/22/2018 12:39 PM
510	Selkirk/Glenmont area - 9W, River Road, Wemple Road, Clapper Road	8/22/2018 12:26 PM
511	Not sure	8/22/2018 12:21 PM
512	rail trail, parks	8/22/2018 12:19 PM
513	Fuera Bush and Selkirk.	8/22/2018 12:07 PM
514	Slingerlands, N Bethlehem, Glenmont, S. Bethlehem	8/22/2018 11:46 AM
515	not sure	8/22/2018 11:34 AM
516	Any remaining open spaces. I would love to have more walking paths all around town. Possibly connected and bikepaths connecting to Styvesant area	8/22/2018 11:31 AM
517	There isn't one part of Bethlehem that needs to be conserved more than another. The most important factor is that Bethlehem supports and encourages a small town feel, fights to not over populate the town and strain the town's current services (Schools, etc) and it keeps the land as is, for the scenic views, the farm to table options and support local farming options.	8/22/2018 11:23 AM
518	Fisher Boulevard, Meade's lane, Font Grove Road	8/22/2018 11:17 AM
519	All current green spaces.	8/22/2018 11:13 AM
520	The Pine Hollow Arboretum	8/22/2018 11:04 AM
521	The small remaining pockets that builders are going back into in Delmar and Elsmere as well as the sprawl that continental in Glenmont.	8/22/2018 11:01 AM
522	open space, and parks, trees, farms	8/22/2018 10:13 AM
523	Riverfront wetlands south Bethlehem farmland	8/22/2018 10:13 AM
524	Kenwood Avenue and along the rail trail behind Pine Tree/Rockefeller/Mason neighborhood.	8/22/2018 10:09 AM
525	Existing parkland, historic buildings, views along the rail trail, areas near schools	8/22/2018 9:54 AM
526	Any and all. So much development has been approved on small corners and lots subdivided WAY more than is necessary.	8/22/2018 9:40 AM
527	All forests and farm lands.	8/22/2018 9:36 AM
528	All open spaces should be conserved. There are enough big, ugly developments.	8/22/2018 9:35 AM
529	The gulleys and streams that feed the normanskill should be preserved	8/22/2018 9:27 AM
530	9W, Slingerlands, NewScotland Road Beyond the historical district. Land along side of the high school and eagle elementary. Normanside country club property if that should ever fail.	8/22/2018 8:56 AM
531	Wherever possible but where there are many different species of animals living in a area that has the different needs like water, shelter, food ext.	8/22/2018 8:55 AM
532	Both sides of Meads La. 4 corners at Rt.9 and Wemple Rd. Klinkies Farm on Kenwood Ave.	8/22/2018 8:38 AM
533	Kleinkes Farm, rail trail, around town park and HS	8/22/2018 8:20 AM
534	Throughout all of Bethlehem	8/22/2018 8:13 AM
535	Around five rivers. Adjacent to rte 85	8/22/2018 7:10 AM
536	Existing farms and open space, waterfront access	8/21/2018 2:46 PM
537	Normanside Country Club Normanskill Preserve Outer North Street - Wright Lane Kleinke's	8/21/2018 2:16 PM

538	Kleinke Farm property; if the extended family wants to keep it, and are willing to match the developer's price for the land, why not let them? Also -- the Rockefeller Road developments are taking away the last vestiges of woods, which is tragic. Plus, the density of the apartments proposed (i.e., the sheer number) is of concern.	8/21/2018 1:33 PM
539	Rte 443; New Scotland Ave, Rte 9w	8/21/2018 12:09 PM
540	Stream corridors, connections to other conserved lands	8/21/2018 9:45 AM
541	All existing woodlands, meadows, and wet lands. We've already had enough development.	8/21/2018 7:58 AM
542	Area around Five Rivers and Kenwood Avenue	8/21/2018 6:53 AM
543	Hiking paths by the Normanskill.	8/20/2018 10:21 PM
544	It is ok to conserve open space as long as taxes do not go up. We are already highly taxed.	8/20/2018 9:58 PM
545	Normanside golf course, Five Rivers, Farms on Kenwood Ave, Colonial Acres, working farms	8/20/2018 9:37 PM
546	Farmland along Kenwood Ave (Kleinkes & neighbors); Meads Lane & Waldenmeir (sp?) Road; also down toward the River on Wemple, Weisheit and Clapper Roads	8/20/2018 8:59 PM
547	Klinkee's Farm on lower Kenwood Ave Meeds Lane and nearby areas to the Town Park and back side of High School By Elsmere Elementary and Normanside Along Hudson Street - next to Rail Trail	8/20/2018 6:42 PM
548	Around klinky farm	8/20/2018 6:12 PM
549	I'd like to see us expand our green spaces and create green corridors for recreation but also for air quality protection, and so we don't turn into suburban sprawl. I think our farmland is important and makes Bethlehem the great place that it is to live.	8/20/2018 12:29 PM
550	Wherever there are current fields and woods and streams etc. that exist now...they should remain untouched.	8/20/2018 10:02 AM
551	All wooded areas cause of the deer that are being pushed out of their natural habitat. This survey is a joke the town board will not do anything about it cause they are money hungry just like sliding in the moving tax that is just ridiculous	8/20/2018 10:01 AM
552	Kleinkes.	8/20/2018 6:47 AM
553	Any area that has not already been developed. Maintain the character as it is, while embracing a range of development proposals within the already developed town. Specifically, areas important to conserve would include Meads Lane area (great viewshed).	8/19/2018 9:44 PM
554	Open spaces and lots within the hamlet and town of Delmar. Keystone and other builders buy of any available lots and homes appear almost overnight. We are also very concerned about the number of multifamily and apartment buildings. Our school taxes go up because there are more families here, so who is paying those taxes for those families? The landlord? Or they getting a tax break to build? The Rails to Trails system is wonderful. It also like to see more businesses within the four corner area period similar to what Troy walkers. More antique and independent shops.	8/19/2018 5:34 PM
555	Undeveloped town-owned forested land for recreational activities and land conservation	8/19/2018 5:23 PM
556	Existing open space near populated areas, van dyke, Mead Rd, wemple, etc	8/19/2018 10:32 AM
557	Kleinke Farm	8/19/2018 10:21 AM
558	The Hudson River frontage, the views of the Helderbergs from 85A, is that still Bethlehem? The remaining farmland in Glenmont and Selkirk somehow	8/19/2018 9:40 AM
559	land beyond Fisher Blvd.	8/18/2018 3:36 PM
560	Farms on Meads Lane, Land around Five Rivers, land near schools, our town parks, especially Elm Ave Park, and all the parks and playgrounds, the Arboretum and surrounding area, the farms on Kenwood (Kleinke's farm), the land on Van Dyke. Many other areas I can't think of!	8/17/2018 9:48 PM
561	The farmlands, the open spaces, the fields.	8/17/2018 6:15 AM
562	None.	8/16/2018 11:28 PM
563	near five rivers	8/16/2018 4:16 PM
564	We should have pockets of green throughout the town. We should stop building on every little lot. We should use our empty buildings first. And maintain the farms around us.	8/16/2018 2:37 PM

565	Meads Lane, Normanskill, Font Grove, Kleinke's, any place where land is being sold off/subdivided. I also think along the rail trail, we lost some beautiful bushes and flowers, especially around the overpass by CVS. We need to have some regrowth.	8/16/2018 1:33 PM
566	Rive Stream corretores and elevated interesting topography.	8/16/2018 12:56 PM
567	Open spaces for wildlife to live	8/16/2018 12:20 PM
568	1. Along the Hudson River and Normanskil 2. Clarksville 3. Glenmont has already been overdeveloped	8/16/2018 10:14 AM
569	no opinion	8/16/2018 9:39 AM
570	Parks, farm land	8/16/2018 9:15 AM
571	Normanskill area, Clarksville, Feura Bush	8/16/2018 9:09 AM
572	Existing farm and woodland, especially near water bodies and wetlands	8/16/2018 8:59 AM
573	I think it is important to conserve the farms that are in existence and to protect larger tracts of undeveloped land. It is also good to conserve pockets of undeveloped land within existing neighborhoods. Before open land is developed, a developer should explore how currently under-used, but developed land could serve their plans.	8/15/2018 9:09 PM
574	Feura bush, voorheesville, s. Bethlehem,	8/15/2018 8:01 PM
575	Anything outside of the downtown	8/15/2018 4:57 PM
576	Around Elm Ave Park, Eagle Elementary & High School, behind Walmart, Rail Trail corridor east of hannafor plaza	8/15/2018 4:31 PM
577	Older farms that are within current neighborhoods. Glenmont, Delmar, etc.	8/15/2018 1:03 PM
578	Existing parks, farmland, scenic areas+	8/15/2018 11:07 AM
579	Places important for wildlife habitat	8/15/2018 10:32 AM
580	Kleinke farmland, although I fear it's too late. "Bender Farms" should have remained wild. These wild areas, in between various neighborhoods, should be preserved. Keep the developers' hands off of them.	8/15/2018 9:47 AM
581	Areas around Van Dyke, Mead Lane, etc.	8/15/2018 9:00 AM
582	5 rivers	8/15/2018 8:30 AM
583	Conserve existing farms as well as public spaces along the Normans Kill, new bike path, and on the outskirts of town (such as Meads Lane, towards 5 Rivers, etc.)	8/15/2018 8:14 AM
584	Habitat for local flora and fauna, and migrating fauna.	8/15/2018 7:42 AM
585	Existing farmland and areas for wildlife. Hiking and biking trails are also a great draw for the community.	8/15/2018 7:32 AM
586	Delaware ave corridor, rail trail,	8/15/2018 7:32 AM
587	Meads Lane- one of the most scenic roads, 5 Rivers area, end of Orchard St, Kleinke Farm area, along 32 bypass, farms off of VanDyke, any area with great views of Helderbergs/sunsets/wildlife	8/15/2018 7:12 AM
588	Wemple, Murray, Delaware, Van Dyke, Meads, Orchard, new Scotland, 9w, area by Normanskill, area by high school and eagle, all of clarksville.	8/15/2018 5:36 AM
589	The periphery of the bulk of Bethlehem (not just the odd vacant lots within developments) but along the rail trail, existing and abandoned farms, fields and woodlands, and scenic byways. I don't think the woodlands near the center of town, such as of North Street near the 4 corners need to remain woodlands forever, but along the Delaware Turnpike corridor into Clarksville, and other areas such as along Elm Avenue. Building along existing development such as Colonial Acres, etc.	8/14/2018 9:45 PM
590	The Klinke Farm is very important to conserve. Feura Bush Road from Elsmere Ave to Glenmont 9W. Open farm land near the high school. There is so little left. I would say any green spaces we still have!	8/14/2018 9:36 PM
591	The town parks, and other recreational use facilities.	8/14/2018 8:22 PM

592	The town board should NEVER pick winners and losers. Use common sense. Waterfront sensitivity. Pocket parks. Keep land on tax rolls!!	8/14/2018 6:43 PM
593	Kleinke's farm on Kenwood must be preserved	8/14/2018 5:10 PM
594	Water front, scenic views, wildlife areas	8/14/2018 4:27 PM
595	Entire town.	8/14/2018 4:20 PM
596	Meads lane and farms in glenmont.	8/14/2018 4:14 PM
597	All farm land.	8/14/2018 10:22 AM
598	Wemple Road Elm Ave and extension 9W south of Feura Bush Road Colonial Acres golf course	8/14/2018 8:16 AM
599	Klenkies Farm Large plots of Land for sale on Elm Ave to name a couple...	8/14/2018 6:52 AM
600	Henry Hudson Park Elm Ave Park (including the dog park) Pine Hollow Arboretum Line Drive, Tri-Village LL South Bethlehem Town Park	8/13/2018 6:58 PM
601	All remaining open spaces and farmland.	8/13/2018 6:40 PM
602	Any open spaces, rail trail, tree lined streets, town parks	8/13/2018 5:58 PM
603	9w wemple,	8/13/2018 5:12 PM
604	Any and all fields and woodlands are candidates	8/13/2018 5:10 PM
605	• Meads Lane and Orchard St (already lost a great deal on Van Dyke) • areas close to the Normanskill and Rail Trail • the areas at the end of North St. and Wright Ln • Fisher Blvd and New Scotland Rd	8/13/2018 2:27 PM
606	I think the key green spaces that need to be preserved in the town are the Kleinke Farm, the land along the Normanskill, Farmland and undeveloped land near Five Rivers and the Town Park as well as along the Rail Trail.	8/13/2018 12:56 PM
607	All remaining woodlands	8/13/2018 12:36 PM
608	5 rivers, Kleinke Farms, Glenmont/9w area	8/13/2018 12:32 PM
609	Five Rivers is very important	8/13/2018 9:02 AM
610	Wetlands, fields, farms, forests, patches of forests between developments, lakes, ponds.	8/13/2018 7:18 AM
611	anchorage freedom to land owner to deeside	8/13/2018 5:38 AM
612	there should be no more development on Van Dyke rd as the Spiny has already destroyed views, and looks like eye sore slapped in the middle of a field. The space off of Wright land should be protected as well, although the development of trails in that area is a pleasant surprise. Klinkies farm is honestly the hidden gem of Delmar and having development that is not of their own will only destroy the farm fresh appeal that is now trending. Orchard is also a very heavily beaten path for bikers and runners, the views on that road have already been jeopardized enough by these random big houses. I've spent my whole life in this town. I'm impressed by the development of small businesses in town and how much our town has grown. But by destroying the little scenic areas left in our town, we will be compromising the small town feel that is enticing to the outside world.	8/13/2018 4:18 AM
613	Slingerlands feura bush selkirk	8/13/2018 2:57 AM
614	Current existing parks	8/13/2018 2:18 AM
615	Golf courses, town park with potential for expansion, although there are many more areas that can be preserved.	8/13/2018 1:47 AM
616	if we wish to continue to eat and breath we need plants and green lands	8/12/2018 11:06 PM
617	Normanskill area	8/12/2018 10:21 PM
618	rail trail; Elm Avenue Park. Pocket parks around town (like the one next to Stewarts on Delaware Ave.	8/12/2018 10:12 PM
619	South of Elm; along the Normanskill	8/12/2018 10:07 PM
620	Not sure specifically	8/12/2018 9:52 PM
621	All places that have not been decimated by your destructive taxation.	8/12/2018 9:13 PM

622	Glenmont& Selkirk area	8/12/2018 9:08 PM
623	5 rivers area, Bethlehem town parks, school properties and the surrounding areas	8/12/2018 8:50 PM
624	All current open spaces, farmlands and wooded areas.	8/12/2018 7:35 PM
625	Nature preserves where families and children can be in the outdoors.	8/12/2018 7:30 PM
626	I think the town needs more commercial properties.	8/12/2018 7:29 PM
627	Do not raise my taxes!	8/12/2018 7:21 PM
628	all	8/12/2018 6:30 PM
629	Existing activefarmlands	8/12/2018 5:57 PM
630	This is a bullshit survey. Designed to further the Prog agenda. If Clarkson and the profs had not screwed things up in 2014 it would not be an issue.	8/12/2018 5:46 PM
631	South side. Let the villages develop but keep the open spaces in Selkirk and feura bush	8/12/2018 5:32 PM
632	Parks, wildlife centers, how about having one decent plaza to shop in?	8/12/2018 5:16 PM
633	Everywhere	8/12/2018 5:14 PM
634	The parks and woodland areas	8/12/2018 5:09 PM
635	Kenwood Ave- farms by rt 32, and Wemple corners -no to huge developments	8/12/2018 4:50 PM
636	Well the Kleinke Farm to start with along with the farmland around 9W and Wemple Road.	8/12/2018 4:32 PM
637	Space around the town park.	8/12/2018 3:19 PM
638	As much open space as Possible.	8/12/2018 3:06 PM
639	This depends. Bethlehem can't lock up properties for farmers if the farmers want to sell them and there aren't other buyers who want the property (or who can afford to purchase it) for agricultural use. Bethlehem should think outside the box - and so should land owners - and look for concepts that both protect and preserve the agricultural and open space and character of the town, but allows the property to be sold. The issue, as I see it, is that subdivisions are popping up everywhere and that is changing the character of the town and stressing our infrastructure and school systems, etc. Bethlehem can't be stuck in the 1900s and refuse to change with the times - change is going to happen - but we need to be smart and creative about the change that we allow to happen, and work with creative developers and like-minded thinkers and not block everyone who is not a farmer attempting to purchase these parcels. If we do that, we are going to cut off our nose to spite our face and we will end up living in a cookie cutter subdivision land.	8/12/2018 1:47 PM
640	Most rural areas where wildlife inhabits and the beauty of the town exists.	8/12/2018 1:42 PM
641	None. You need to keep the taxes low and reduce the assessments. 100% Assessments is ridiculous	8/12/2018 1:30 PM
642	All	8/12/2018 1:28 PM
643	Near the high school and which is Now Eage Elementary. Van dye road extention, elm ave park, wimple road extention, noticing more trees have been getting ripped down near rout 9w area as well. Very sad the "condo" expansions are taking over all the free areas.	8/12/2018 1:16 PM
644	Near the high school and which is Now Eage Elementary. Van dye road extention, elm ave park, wimple road extention, noticing more trees have been getting ripped down near rout 9w area as well. Very sad the "condo" expansions are taking over all the free areas.	8/12/2018 1:16 PM
645	Kenwood Ave Along Route 32	8/12/2018 12:59 PM
646	Glenmont! Keep open spaces open. Too much development since I was a kid. All the undeveloped areas were once places of endless exploration and adventure. This generation won't know what it's like to cut trails in the woods as shortcuts to friends houses, or climb the giant willow that bordered the graveyard.	8/12/2018 12:56 PM
647	town park, rail trail, four corners retail area,	8/12/2018 12:54 PM
648	Not sure	8/12/2018 12:46 PM
649	There should be open spaces throughout the town.	8/12/2018 12:33 PM
650	Along the river	8/12/2018 12:27 PM

651	All of the open space in Elsmere and Olde Delmar through the Y-there seem to be accidents daily because as homes are added, cars are added and there is too many people living in too small of an area. Please conserve the ravines, Normanskill and the area which is now Normanside Golf course but is always on the edge of going under. Our families and our wildlife need what we have !	8/12/2018 12:18 PM
652	Normanside golf course property	8/12/2018 11:41 AM
653	All of the remaining areas. Right now an area of development off of Delaware Avenue - High Pointe is taking over a parcel of land where wildlife abounds.	8/12/2018 11:30 AM
654	Kenwood Ave	8/12/2018 11:09 AM
655	Places in which there is wildlife who will have nowhere else to live if the town pushes them out	8/12/2018 11:02 AM
656	Five Rivers. The areas down Delaware ave going toward clarksville. The neighborhood but the mansions apartments. The wooded areas along the bypass. Glenmont also needs to be preserved because many houses and apartments are always being built, causing construction and loss of fields and open spaces.	8/12/2018 10:56 AM
657	The few parcels of farmland that are left within the town. Really bemoaning all the development along Feura Bush Road and Wemple Road.	8/12/2018 10:37 AM
658	Open spaces in already developed areas such as Delaware ave, Kenwood, Elsmere, Elm/Cherr should be saved because there's so little left.	8/12/2018 10:22 AM
659	Farmland on Kenwood, Oakwood, and nearby!	8/12/2018 10:18 AM
660	North Street, where there's the last bit of undeveloped forest in the whole town. Even that has been the subject of recent development. Why can't you people just leave the woods alone? Our kids will have no natural forests to explore and play in, and it will further remove us from a connection and care for the Earth. Also, it's kind of laughable you guys let developers raze the forests next to 5 Rivers. I mean, that's a good one. Nice touch there. Glenmont is toast already, you guys successfully turned that into Clifton Park so why bother down there. They already bulldozed an entire forest back in off of Feura Bush... might as well keep going at this rate! But seriously, everywhere. Especially down on Kenwood where the Kleinke people sold off the farmland to MORE housing developers.	8/12/2018 9:53 AM
661	Too much growth in Glenmont.	8/12/2018 9:33 AM
662	Any undeveloped land over one acre needs to be taxed at a significantly lower tax rate.	8/12/2018 8:55 AM
663	All current open land, there is too much residential development going on and it's impacting the town.	8/12/2018 8:45 AM
664	Woodland areas	8/12/2018 8:35 AM
665	The land on Fisher Blvd Kleinke	8/12/2018 8:34 AM
666	If the land owner wants to conserve THEIR land that is up to them. The Town and people of this Town should not try to tell people what to do with their land.	8/12/2018 7:21 AM
667	Large tracts of timber and farmland. The owners are paying high taxes on land that "could be sold for \$X" when that's not what they want or what is happening is they can't afford the taxes and sell off their land to high paying developers. These are the places that need saving. You can put tax breaks in for many reasons. How about tax breaks for the number of years a parcel has had no development on it. Or a tax break for residents who have lived here for four generations or more.	8/12/2018 7:12 AM
668	Around meads lane, Kleinke farm, south Albany road, Koch farm (on bridge street)	8/12/2018 7:11 AM
669	Southern portion of Bethlehem	8/12/2018 5:47 AM
670	Parks already established.	8/11/2018 11:02 PM
671	KENWOOD Ave toward rt32, area near the town park	8/11/2018 10:35 PM
672	Kleinke's Farm. Pockets of woods found around Delmar.	8/11/2018 9:29 PM
673	Open fields, forests, green spaces in Delmar, Glenmont, Slingerlands.	8/11/2018 9:10 PM
674	Everywhere	8/11/2018 9:09 PM
675	Preserve Normanskill from any more collapses & make street fronts pleasing. Need more affordable options for young families to stay in area to raise families	8/11/2018 9:07 PM
676	Kleinke Farm	8/11/2018 8:50 PM

677	Open space in the Eve Ave park area, current farm land	8/11/2018 8:11 PM
678	Van Dyke; Fischer; Orchard; Wemple	8/11/2018 8:08 PM
679	Historical homes	8/11/2018 8:02 PM
680	Any undeveloped areas. I highly support the construction of new apartment dwelling in Bethlehem.	8/11/2018 7:24 PM
681	Park areas	8/11/2018 6:03 PM
682	Trail, parks, mountain, river	8/11/2018 5:34 PM
683	Not sure	8/11/2018 5:06 PM
684	Both farming spacing for locally sourced agricultural products and public spaces to be outside, such as the town park and other communal green spaces	8/11/2018 4:58 PM
685	South of Bender lane, along the Hudson. Surrounding Five Rivers, Mead Lane Waldemair Lane, Rural areas and farms from Orchard St. and Orchard Hill Rd. and southward.	8/11/2018 4:40 PM
686	Kenwood Ave, Glenmont, area around 5 Rivers.	8/11/2018 4:18 PM
687	Kleinke Farm, for one. Also, many patches of woods are disappearing; trees function as carbon sinks, watershed and wildlife habitat. Let's slow down!	8/11/2018 2:48 PM
688	Along Kenwood and Delaware Avenues as well as along the river.	8/11/2018 2:01 PM
689	Our farms and woodland	8/11/2018 1:47 PM
690	The former Kleinke property (opposite the current farm), open spaces around Wemple Road, open spaces near River Road, small plots of land that regular people might not notice but that outside developers are probably aware of for their personal financial gain. I'm thinking of Leonard Place that unfortunately has been subdivided. Surely the town could have purchased that or encouraged the owner to enter into a conservation easement... The same is true of the new houses adjacent to Rockefeller Road. If there were people in town government as aware of empty lots as the developers are perhaps that town representative could more effectively approach landowners and try to interest them in conservation easements or at least a sale to the town.	8/11/2018 1:43 PM
691	Kleinkes farm, 5 rivers	8/11/2018 1:30 PM
692	Places to walk or bike. Happy about the rail trail.	8/11/2018 12:55 PM
693	Areas along the Hudson and other waterways, areas adjacent to Five Rivers, Elm Ave Park,	8/11/2018 12:36 PM
694	Area around Five Rivers/Meads Lane	8/11/2018 12:32 PM
695	Existing woodlands	8/11/2018 12:32 PM
696	Farm land, bird sanctuary, Hudson riverfront, Normanskill riverfront, rail trail.	8/11/2018 11:39 AM
697	all current farmland and open space,land along the rivers,and historic buildings, homes , barns, and areas of historic importance, walking and biking trails, too; recreational areas	8/11/2018 10:22 AM
698	The entire town.	8/11/2018 10:02 AM
699	Riverfront, expand parks	8/11/2018 9:57 AM
700	No more public financing please our taxes are high enough without such so called good government actions	8/11/2018 9:54 AM
701	Waterways and existing green spaces	8/11/2018 9:48 AM
702	Walking trails, biking trails, and any open space and woodland.	8/11/2018 9:43 AM
703	Glenmont, Selkirk and North Bethlehem	8/11/2018 9:39 AM
704	Any areas by the river are especially important to me.	8/11/2018 9:36 AM
705	Old Delmar,Kenhholm area and all of the areas making up our town Don't want it to be like Colonie	8/11/2018 9:31 AM
706	Open spaces especially in the southern end of Bethlehem and the areas around Feura Bush Rd, route 32 around the Town Park. I would also like to see more dedicated bike lanes.	8/11/2018 9:28 AM
707	We have so many parks, trails, and conserved space. Concentrate on farms!	8/11/2018 9:18 AM
708	There needs to be a little green everywhere; trees and grass along sidewalks. We need to keep a balance of undeveloped areas to protect water and air quality and prevent flooding.	8/11/2018 9:15 AM

709	Whatever is left of existing green spaces and farmland. STOP building!!	8/11/2018 9:02 AM
710	Klienkes farm area, Fisher rd land	8/11/2018 8:50 AM
711	The bike path, five rivers and normanskill, Clarksville farm land.	8/11/2018 8:41 AM
712	Slingerlands corners	8/11/2018 8:32 AM
713	5 rivers areas	8/11/2018 8:16 AM
714	Places where local farming is currently being undertaken and those owners continue to desire to farm	8/11/2018 7:29 AM
715	Working farms.	8/11/2018 7:19 AM
716	Areas near streams and open land contiguous to neighbourhoods that can be used as common community space for walking, biking and enjoying nature	8/11/2018 6:39 AM
717	Klinke's farm	8/11/2018 6:29 AM
718	Wooded areas that can be used for recreation.	8/11/2018 5:36 AM
719	Any place that is not privately owned.	8/11/2018 4:31 AM
720	Wemple Rd and 9W to Coeymans town line. Excessive congestion at Glenmont intersection.	8/11/2018 12:36 AM
721	Open space in residential areas	8/11/2018 12:15 AM
722	Five Rivers, Meads Lane, Waldamire Rd.	8/11/2018 12:04 AM
723	Farmland	8/10/2018 11:47 PM
724	Wooded areas and tree-lined streets.	8/10/2018 11:42 PM
725	FIVE rivers, town park, farms at eagle elementary, farmland at Feura bush & Elsmere, green belt in Slingerlands.	8/10/2018 11:24 PM
726	Village of Selkirk and Hudson River	8/10/2018 11:09 PM
727	Near current parks, and to isolate noisy businesses from residential areas.	8/10/2018 11:04 PM
728	The areas near Five Rivers, Henry Hudson Park.	8/10/2018 10:31 PM
729	Existing farmland	8/10/2018 10:28 PM
730	Any existing farms and lands Along the Normanskill and Hudson River	8/10/2018 10:20 PM
731	Area around five rivers, area around Hudson and attached park, rail trail area	8/10/2018 10:15 PM
732	currant farmland, wetlands, spaces between large developments	8/10/2018 9:53 PM
733	No priority	8/10/2018 9:40 PM
734	Near the Normanskill and Hudson	8/10/2018 9:29 PM
735	Farms, parks, rail trail, natural habitats	8/10/2018 9:28 PM
736	No opinion on specific areas - but locally sourced produce important!	8/10/2018 9:25 PM
737	Anywhere where residents could use for walking, hiking. Also, working farms.	8/10/2018 9:07 PM
738	The outskirts. Trying to keep the town small.	8/10/2018 9:00 PM
739	Kleinkes Farm, Lyman farm, areas off Delaware Ave near Five Rivers,	8/10/2018 8:51 PM
740	We have lost so much already!! I would say we should conserve river frontage, the few areas of Glenmont that have not been developed, Delaware Avenue from the high school west to the New Scotland town line, the undeveloped areas in South Bethlehem, Selkirk, Normansville, Slingerlands, North Bethlehem, the Kleinke Farm, etc., etc.	8/10/2018 8:32 PM
741	Try to keep what we have is most important, remember coming home after a few years and seeing the good and bad. ,,	8/10/2018 7:18 PM
742	The area near Kleinke farm.	8/10/2018 7:05 PM
743	All open spaces. Too much building since the 90's housing boom! Stop now!	8/10/2018 7:05 PM
744	Open spaces where children and adults can explore nature uninhibited	8/10/2018 6:43 PM

745	Kleinke's Farm on Kenwood Ave.	8/10/2018 6:30 PM
746	Parks, rivers, wetland area, Keep the current developments from sprawling and displacing more wildlife, keeping natural species and plants	8/10/2018 6:22 PM
747	More land along the Hudson river, near 5 Rivers/Mead's Lane, Onesquethaw Creek, Elm Ave/Elm Ave East	8/10/2018 6:20 PM
748	All farmland in the town	8/10/2018 6:19 PM
749	Near 5 Rivers; Town Parks;	8/10/2018 6:12 PM
750	All	8/10/2018 4:50 PM
751	Five rivers. Existing farms	8/10/2018 4:37 PM
752	None. We already have a lot of space that is conserved. Many parks, walking trails, arboretums, DEC protected lands.	8/10/2018 4:28 PM
753	Places that serve as a sound and visual barrier between highways and neighborhoods - like between Cherry Ave. Extension and McCormack Rd. Dembling's attempt to exploit his land holdings for profit is going to destroy an entire neighborhood.	8/10/2018 4:17 PM
754	Conserve our existing Farmland particularly along meads Road. A pathway could be put through this Farm if it was preserved for conservation. Also the town should not extend sewage lines into Farmland such as it was done on Orchard Street that resulted in the conversion of all that Farmland to Giant McMansions. When developments even small Lots are to be approved for development existing vegetation particularly mature trees in areas near streams and wetlands should not be allowed to be DeForested. Contractors and developers should not be allowed to log the site and then completely graded flat. assisting topography should be preserved with intelligent layouts of buildings and Roads. Furthermore when large developments such as big box stores go in it should not be allowed to maximize their parking area in the storm Water Management areas should be something other than excessively deep more than 3 feet.	8/10/2018 4:15 PM
755	Waterfronts like the Hudson River, Normanskill and Five Rivers as well as the streams like Dowerskill	8/10/2018 3:53 PM
756	Hudson River	8/10/2018 3:28 PM
757	Any green space that has not been developed.	8/10/2018 3:26 PM
758	?	8/10/2018 2:55 PM
759	Current open space where farms or forrest currently exist. But do not put the cost of this on homeowners or buyers. Share the cost equally among all residents to keep open space or allow the open space to disappear. Especially not fair to target seniors selling their homes. Even if buyers pay the transfer tax it will reduce the value of the property being sold. Extremely unfairly!	8/10/2018 2:50 PM
760	Everywhere that a development is not. I've been here 20 years and the green is disappearing.	8/10/2018 2:07 PM
761	Swampland, due to the disappearing wildlife that inhabits swamps	8/10/2018 2:05 PM
762	Kenwood Ave, near klinkke's farm, five rivers area.	8/10/2018 1:38 PM
763	Green spaces, walkable spaces	8/10/2018 1:25 PM
764	Near the rivers and creeks.	8/10/2018 11:36 AM
765	FARMS & Parks!!!	8/10/2018 11:17 AM
766	Land bordering the rail trail and five rivers. Scenic waterfront along the hudson.	8/10/2018 11:16 AM
767	The whole town is just out of control there should be no more building of anything	8/10/2018 10:55 AM
768	Around 5 Rivers and other areas in Glenmont-Delmar-Elsemere etc where there is still some open spaces for people and wildlife to enjoy	8/10/2018 9:31 AM
769	The southern portion of the Town is very important. It is also important to preserve the smaller open spaces scattered throughout the Town,	8/10/2018 9:29 AM
770	The existing parks.	8/10/2018 8:26 AM
771	Glenmont	8/10/2018 7:54 AM
772	New Scotland Avenue, Upper Delaware Avenue	8/10/2018 7:42 AM

773	community areas, parks etc	8/10/2018 7:14 AM
774	Along Kenwood heading toward 32, Oakwood, and other areas along the 32 coordor	8/9/2018 10:22 PM
775	No opinion	8/9/2018 9:28 PM
776	I would say that any open space is important but the areas near ShopRite are wet and are fragile ecosystems. Any area near water should have one of the highest priorities to preserve.	8/9/2018 9:11 PM
777	The area around Klienke's Farm should remain farmland. The end of Rockefeller Rd where the bridge used to be could become a pedestrian bridge and add an annex to the rail trail.	8/9/2018 9:08 PM
778	Ninety oer cent as the land of the land that is left. Some of the land was determined to be problematic for development years ago but new technology and new people have approved marginal land for development and the development is now causing urban and unsustainable issues.	8/9/2018 8:46 PM
779	Its not what I think, its what the landowners think. Maybe the town should think about limits- since population is taboo, then maybe sewage, car volume, etc.	8/9/2018 8:44 PM
780	Just about everywhere that is not developed.	8/9/2018 8:19 PM
781	In my opinion development in Delmar just needs to stop.	8/9/2018 7:51 PM
782	All open space not currently developed should be conserved. It's all important. The land along Vandney Road for example. The development has pushed animals out of their habitat.	8/9/2018 6:45 PM
783	1) Entire length of Meads Lane 2) Kenwood Ave., between Rockefeller Rd. and Rte. 32.	8/9/2018 5:58 PM
784	5-rivers along the Normanskill along the Hudson	8/9/2018 5:42 PM
785	Meads Ln and Waldenmaier Road, the remaining undeveloped land along Elm Ave and past Rt 9W on Wemple in Genmont.	8/9/2018 5:10 PM
786	Along Wemple road and Kenwood ave. Any new development should include infrastructure development. Traffic around town is insane regardless commute times, especially from Elsmere along Guerra Bush and 9w. Extra lanes should been created with turn lanes when development happened. Very short sided.	8/9/2018 5:04 PM
787	North and south of Lower Kenwood. The wilds around old Rockefeller Rd and the Corning farm. Areas around Feura Bush and areas south and west of Bethlehem. Wooded areas around Slingerlands. I'm sorry to see the corner of Rockefeller and Kenwood being plowed under and replaced with cookie cutter housing.	8/9/2018 5:04 PM
788	Open Farm land	8/9/2018 5:03 PM
789	Walking/hiking/bike path areas Wildlife habitats Streams/rivers/ponds/wetlands	8/9/2018 4:40 PM
790	Everywhere	8/9/2018 4:32 PM
791	Our waterways, water sheds, Our current farmlands. Our wildlife habitats, as much as possible. If necessary to destroy, we must create an alternate space as a balance	8/9/2018 4:10 PM
792	All the golf courses should be preserved, Feura Bush road, route 32, 85, Elm Avenue, Wemple Rd., Van Dyke Rd., Meads Lane (please!),Waldenmaier Rd., Game Farm and area around Five Rivers, all the area around the Hudson River,	8/9/2018 4:00 PM
793	Normankill basin, Glenmont farm lands, outer areas of town	8/9/2018 4:00 PM
794	The space in between houses and developments so that we aren't piled on top of each other. It's not just a matter of having more parks, farms or fishing spots it's preserving green space so that our town doesn't look like a cookie cutter series of developments with a strip mall thrown in here and there.	8/9/2018 3:54 PM
795	Along Kenwood all of that land back by Kleinkes. Frankly any open space that is now still "open."	8/9/2018 3:41 PM
796	None	8/9/2018 3:25 PM
797	Areas on 85, farms in glenmont, Delaware ave	8/9/2018 3:02 PM
798	Meads Lane, Orchard Street near 5 Rivers, End of Kenwood Ave. (Kleinke's Farm)	8/9/2018 2:43 PM
799	Kleinke Farm. Land along Bender Lane. Town park along New Scotland Road.	8/9/2018 2:20 PM
800	Parks and farms.	8/9/2018 1:40 PM

801	Na	8/9/2018 1:35 PM
802	Small town character with lower density development. Not overdeveloping Delaware Avenue for either commercial or multi dwelling units. Increases traffic congestion and lowers quality of life.	8/9/2018 1:29 PM
803	Any places that have not been developed.	8/9/2018 1:28 PM
804	They all are ! There is limited space and now is a good time to think of saving that space. Once conversion happens, and it is at an alarming rate, backtracking will be difficult. One has to look to the future and cherish the natural beauty and its fragility	8/9/2018 1:24 PM
805	Local, pocket parks. Bike trails. Sports parks and fields.	8/9/2018 1:18 PM
806	I was disappointed to see the development of farmland on Wemple. Such properties should be protected and maintained.	8/9/2018 1:13 PM
807	The Rail Trail is great. Let's keep investing in it. Also, it will be even better as it gets more connected. The parks are nice, and it's great to have kayak boat launches, etc.	8/9/2018 1:10 PM
808	Areas surrounding rte 32 into feura bush, Stanton farm area, 5 rivers area, vandyke near eagle elem and high school, creble Rd.	8/9/2018 1:03 PM
809	Feura Bush, Selkirk, Western Delaware Ave	8/9/2018 1:02 PM
810	The little open land in Delmar and the areas bordering Delmar with open land	8/9/2018 12:56 PM
811	Any and all areas of undeveloped land. My family utilizes the rail trail, Hudson Mohawk conservancy land, parks and fields on a regular bases for our own recreation and our dog. It's imperative we preserve these lands and would be wonderful to create more.	8/9/2018 12:55 PM
812	Green space within the town of Delmar and Slingerland, especially the historic Klienke Farm, Orchard/Fisher Blvd/5 Rivers triangle, Slingerlands historic district and farmland west of Meads Ln to Clarksville.	8/9/2018 12:47 PM
813	Existing farmland. Also, the village character should be conserved, so that more houses aren't built that will overwhelm already heavily used roads and services. Building apartment complexes or large housing developments also overcrowds areas, making them less attractive and contributing to things like too much traffic on roads not designed to handle that traffic volume. Traffic also makes it harder to walk or bike, two things that are appealing to many residents of the town.	8/9/2018 12:37 PM
814	around schools, riverfront, around five rivers and other parks, along the rail-trail	8/9/2018 12:31 PM
815	Farmland, wetlands, all undeveloped land.	8/9/2018 12:28 PM
816	You need to conserve some space as each new development is created. Klienke farm stand and property comes to mind.	8/9/2018 12:06 PM
817	There are several parcels that are being sold to developers. IE. Klinke's farm. IE. Rockafeller Road. Delaware Ave near Elsmere School. Totally ruining the character of the area.	8/9/2018 12:00 PM
818	Forested lands as well as the farms near Wemple Road.	8/9/2018 11:54 AM
819	Farmlands and watersheds	8/9/2018 11:54 AM
820	Farmland, scenic areas, wetlands, and wooded areas.	8/9/2018 11:47 AM
821	Glenmont, Delmar, Slingerlands areas	8/9/2018 11:38 AM
822	Henry Hudson Park	8/9/2018 11:32 AM
823	Hiking/Biking, open land and natural habitats of animals	8/9/2018 11:27 AM
824	Kleieke farm, Wemple Road farm near 9W	8/9/2018 11:08 AM
825	All	8/9/2018 11:05 AM
826	Kenwood Ave in Glenmont, Elm Ave beyond the Town Park, land near 5 Rivers and Meads Lane	8/9/2018 11:00 AM
827	ANY open farm land or undeveloped land. No more development and mega homes. Bleck!	8/9/2018 10:52 AM

828	Klinke's Farm, all of klinke's farm the original farm land that just sold to Developers. Developers don't care about the character of the town they are just in it for the money. Town board is at fault for approving everything. They let them build on the smallest plot multiple houses. The character of being farmland Suburbia is going away. Its terrible. I've lived here for 50 years and developers are changing the laws to better themselves. There should be a minimum lot size to help maintain the character of the town not postage stamp lots with mega mansions on them.	8/9/2018 10:11 AM
829	Kleinke farms on Kenwood Ave, Mead farm on Meads Lane, Presca farm on Van Dyke Road	8/9/2018 10:04 AM
830	Wherever possible, throughout the town. We should save and protect as much as possible. This is for our future. And, if we want to think from a selfish point of view, protecting a town's open spaces bring higher home values.	8/9/2018 9:09 AM
831	Kenwood ave Klienke's Farm Wemple Road	8/9/2018 8:38 AM
832	North Street, Klienke Farm, Feura Bush, Slingerlands, Around the High School, around Five Rivers, behind the old Mangia Restaurant, ENOUGH in Glenmont !!!!!	8/9/2018 8:37 AM
833	Kenwood, Wemple farms, Areas along Meads Lane areas. Fisher Blvd/Orchard Rd already ruined, try to keep current rural areas open for farming, not more development. Maybe incentive for Heath's farm to be a farm again (?)	8/9/2018 8:28 AM
834	I just think that my neighborhood in Glenmont, 9W, is a horror now. I have lived here all of my life and recall when 9W had only a little gas station and a tiny store on it. Now with the overdevelopment and tawdriness of the once beautiful area, it is very depressing. Developments go up over night, the traffic is choking and at time, intolerable, not to mention noisy. So, enough development in the area of Price Chopper plaza where the traffic is not only dangerous, but inconvenient for people to have to travel on all the time.	8/9/2018 8:18 AM
835	The river and its environs. Five Rivers Wemple Road area	8/9/2018 8:04 AM
836	Normanside Country Club, Mead's Lane, Waldenmaier Rd.	8/9/2018 8:04 AM
837	All current farmland should remain as farms. Additional land should be purchased by the town to expand town parks and recreational activities.	8/9/2018 7:47 AM
838	Existing farms whether currently working or not.	8/9/2018 7:29 AM
839	Lower Kenwood Avenue, 5 Rivers, Elm Avenue park, 9w past Feura Bush rd,	8/9/2018 7:14 AM
840	No opinion.	8/9/2018 6:04 AM
841	Any place which isn't already developed!	8/8/2018 10:49 PM
842	All of the current open spaces.	8/8/2018 10:16 PM
843	current green spaces, access routes to recreation (i.e. rail trail).	8/8/2018 8:25 PM
844	Space along double lane road extensions/ highways..85, 32 ,by- pass etc. Meads lane, Van Dyke, wemple, Elm ave, orchard, Lagrange by monolith, surrounding elm ave park.	8/8/2018 7:17 PM
845	Five Rivers, Kleinkes Farm. All farms.	8/8/2018 4:02 PM
846	Is there anything left? The town has been so irresponsible. Every housing development looks exactly the same, at the same price point. Other than 5 Rivers and a few parks, the town is a disgrace in terms of development.	8/8/2018 4:00 PM
847	Family farms and Five Rivers	8/8/2018 3:50 PM
848	the Arboretum, all parks, the rail trail, remaining farmland, consider developing pocket parks in dense neighborhoods	8/8/2018 2:34 PM
849	Areas around Five Rivers, rail trail, Elm Park, and other existing public wooded areas. Also, pockets of lands that have regrown in older developed neighborhoods. For instance, there are smaller acres of land between homes in areas of Slingerlands developed through the 1960s that are treed, provide habitat, and flood water flow. There is a threat that these lands will be subdivided off (some already have) for one or two more homes. Please find a way to reduce that. Lower taxes on land (as opposed to homes). Allow for property owners to resubdivide adjacent lands into larger parcels and place easements.	8/8/2018 2:14 PM
850	Waterways.	8/8/2018 1:58 PM
851	Non residential unoccupied space like found off elm ave ext.	8/8/2018 1:47 PM

852	I am not sure, but I would recommend a moratorium on further development of open spaces until there is a revisiting and updating of the town's comprehensive plan. Also, it would be helpful to be able to see an inventory of existing places that are still considered "open space" and that are in danger of development, available on the website.	8/8/2018 1:34 PM
853	Everywhere that is open, as long as it benefits the community as a whole. Houses don't need to be on top of busy roads nor on top of each other.	8/8/2018 12:39 PM
854	All of them	8/8/2018 11:15 AM
855	Existing green space	8/8/2018 6:21 AM
856	Old Delmar. South side of Rte 32	8/8/2018 3:21 AM
857	Center of town undeveloped parcels	8/7/2018 10:20 PM
858	Area near Five Rivers Glenmont	8/7/2018 9:05 PM
859	Kleinke farm property, farmland on Bender Lane, River Road. Farmland off Feura Bush Rd. - both sides of the road. Farmland at the intersection of Wemple Rd and Route 9W.	8/7/2018 5:34 PM
860	Kleinke Farm, flood plain of Normanskill	8/7/2018 1:27 PM
861	Hudson river shoreline	8/7/2018 1:15 PM
862	The remaining farmland. The area around Bender Lane. Please no more houses there. Remaining areas in Glenmont should be left undeveloped. Also the area out Delaware Ave toward Clarksville.	8/7/2018 12:43 PM
863	Farmland, forests, open fields, etc.	8/7/2018 12:36 PM
864	Land off of Fisher & Orchard	8/7/2018 12:33 PM
865	Fisher Blvd, Wemple Road	8/7/2018 11:02 AM
866	commercial and residential need to be in planned to accommodate convenience and safety.	8/7/2018 10:35 AM
867	Every place that it is still undeveloped. There's not much left.	8/7/2018 10:13 AM
868	There should be a program to help farmers keep current farms and to return land that was recently a farm to working farm condition.	8/7/2018 10:05 AM
869	The Klienie farm land.	8/7/2018 9:08 AM
870	There is a tremendous opportunity for a small, 1.5 acre pocket park including open play fields on Beacon Road between Chadwick Square and the Crossroads. This should be bought for the public and a proper bike path installed between the neighborhoods.	8/7/2018 9:06 AM
871	anywhere there are contiguous pieces of land for wildlife corridors and wetlands. I do not like seeing the large parcel of woods on Elm Ave. East being developed. Thank you for leaving corridors along the streams in that area. I would like to see more walking trails along those streams, so people could have places to walk without driving to them.	8/7/2018 8:50 AM
872	5 Rivers, all the parks and recreational areas, Colonial Acres, farmland	8/7/2018 6:41 AM
873	Kleinke Farm lands	8/7/2018 12:34 AM
874	Meads Lane, Kleinke farm, Normanskill	8/6/2018 10:00 PM
875	Kleinke's farm, open lots within Delmar that keep the town from feeling like a city.	8/6/2018 9:46 PM
876	Kenwood Ave, from Elsmere Ave. to Rt 32	8/6/2018 9:44 PM
877	Wetlands, pre-existing forest areas etc	8/6/2018 7:42 PM
878	Land between the rail trail and Kenwood Ave. Also, farmland north of Kenwood Ave.	8/6/2018 7:09 PM
879	ALL	8/6/2018 4:54 PM
880	No more large developments by feura bush road. Promote group scenic biking off the rail trail ...visiting some of the Farmlands. More friendly bike routes on roads. Farms must stay farms	8/6/2018 3:49 PM
881	Any and every open space...	8/6/2018 2:41 PM

882	Land bordering Route 32, Rt 9 heading south(too late) intersections of 32 & Wemple and Wemple Road/Feura Bush road intersections. Also River Road - it's not too late to have control over what happens there : make it the next Loudonville/Slingerlands along the river- clean that road up!! We need a Round about near the Delaware Ave Bridge/Laundromat/ Tastee Freeze with a road connecting Delaware to Rockefeller or The Bypass: get some traffic off Delaware & Elsmere- these cars are trying to get to Glenmont!	8/6/2018 2:33 PM
883	Almost all of the presently open spaces, e.g. Meade Lane, Waldenmeier Rd., Font Grove Rd.	8/6/2018 1:58 PM
884	Wetlands, farmland, wooded areas, migratory layover areas, etc.	8/6/2018 1:56 PM
885	Parks, green spaces, recreation, family farms, wildlife habitat. Not sure about specific spaces	8/6/2018 1:31 PM
886	Wenple Road, Kenwood Avenue, remaining Waldenmaier property, Slingerlands.	8/6/2018 12:47 PM
887	one would have to look at the map of Bethlehem to better answer this question. One area is lower Kenwood Ave., North St (off of Hudson)--there are so many areas that could be conserved and ways to conserve them.	8/6/2018 11:59 AM
888	farmlands	8/6/2018 11:53 AM
889	along the Hudson River	8/6/2018 10:43 AM
890	The large tract of undeveloped pasture/meadow bordered by Fuera Bush Rd on the north, Jefferson to the east. Open Space along Mead Lane and what's left near Five Rivers.	8/6/2018 10:43 AM
891	Kenwood, wemple, route 32,	8/6/2018 10:32 AM
892	All the rural areas, old farmland, current farmland and open spaces	8/6/2018 10:21 AM
893	Those adjacent to existing preserved land. Islands of green space near existing development. Places with streams or other water. Places with scenic views. How about appointing a committee that meets about these issues, similar to the bike and pedestrian committee of which I used to be a member. Protect areas adjacent to rail trail.	8/6/2018 10:20 AM
894	5 rivers, delmar rail trail, elm ave park, south Bethlehem park	8/6/2018 10:07 AM
895	Areas in the west and south of the town.	8/6/2018 9:58 AM
896	Along the Hudson, Normanskill, Vlomankill, Phillipinkill, Onesquethaw Creek and streams	8/6/2018 9:33 AM
897	1) Land near Slingerlands crypt/old Mangia restaurant, 2) All land on either side of rail trail from Delaware Plaza to Albany City line, 3) Land on New Scotland Rd, Fisher, and contiguous to Five Rivers, 4) Kleinke Farm on Kenwood	8/5/2018 10:50 PM
898	I would like to see the Kleinke property remain a farm because I live near there, but there are many other farms, meadows and open spaces that should be conserved. It would be great to have a moratorium on building for the foreseeable future.	8/5/2018 9:46 PM
899	The Kleinke farm and the open space and farmland along Feura Bush need to be saved. The lack of development along the Route 32 Bypass really makes that route a pretty drive. There are other open spaces along 9W and 32 that need to be protected from development.	8/5/2018 9:31 PM
900	Not much left to conserve so all of it!	8/5/2018 7:39 PM
901	Klinke Farm, around 5 Rivers, through out old Delmar - most remaining spaces in Delmar and Slingerlands should be preserved within	8/5/2018 7:38 PM
902	Kleinke's Farm, locations along waterways, wildlife areas.	8/5/2018 5:40 PM
903	Farmland in the Glenmont area.	8/5/2018 4:41 PM
904	preserving relatively large areas for wildlife habitat is essential. Concentrate future development in areas already developed to protect more pristine areas from being destroyed.	8/5/2018 4:15 PM
905	areas along the Hudson River	8/5/2018 2:17 PM
906	Those near water resources and existing farmland	8/5/2018 2:09 PM
907	Definitely along the Hudson River and streams. Selkirk is an incredible open space area. Can the folks afford the taxes to keep it open?	8/5/2018 1:59 PM
908	Scenic undeveloped farmland, meadows, and open space; ecologically important lands we cannot see or access, recreational areas; historic barns, structures	8/5/2018 1:29 PM

909	Our open green spaces and farmland	8/5/2018 1:29 PM
910	kleinke's farm	8/5/2018 12:13 PM
911	Woods throughout town, particularly in Olde Delmar, behind the nursing home and along the rail trail, behind Poplar and Reid Place, and Kleinke's farm.	8/5/2018 11:22 AM
912	I believe that no area that is currently farmland/open space should be developed in any way more than small shelters for hikers or educational displays.	8/5/2018 11:09 AM
913	The edges of Bethlehem that border so much of the areas of undeveloped property I,e, Where Glenmont borders Selkirk, or Delmar borders Feura Bush or Albany	8/5/2018 10:13 AM
914	Glenmont areas, Kleinke farm, areas off Delaware Ave (Meads lane etc)	8/5/2018 9:32 AM
915	All. Development just strip cuts all the trees and builds cookie cutter houses. Just stop it.	8/5/2018 9:25 AM
916	Five rivers and environs	8/5/2018 9:25 AM
917	Small open parcels within village of Delmar as well as larger parcels in Glenmont, Slingerlands and Clarksville.	8/5/2018 8:45 AM
918	land on the outer fringes of town, vacant lots that support wildlife in town	8/5/2018 7:42 AM
919	Center of town. Kleinke's farm. Area on Wemple and 9W. Preserve open spaces	8/5/2018 2:38 AM
920	An example: Kleinke farmland	8/4/2018 10:13 PM
921	Forest areas, wetlands, open fields	8/4/2018 9:07 PM
922	Everywhere! Bethlehem is developing too fast.	8/4/2018 7:56 PM
923	All open space	8/4/2018 7:47 PM
924	all open space- the building of new developments and apartment complexes in town must end	8/4/2018 7:40 PM
925	No more development on Fisher Blvd. The current housing developments and the "Mansions" are absolutely enough. Traffic has increased dramatically.	8/4/2018 4:59 PM
926	Not completely sure, but certainly wetlands and locations that already enjoy a "head start" on being conserved, such as the Colonial Acres golf course and existing farms and woodland.	8/4/2018 4:59 PM
927	The very few green spaces we have left!	8/4/2018 4:38 PM
928	Burial Locations Clean water supply	8/4/2018 4:33 PM
929	Farms on Feura Bush rd and kenwood ave. Open space on Wemple Rd. We don't need any more housing developments!	8/4/2018 3:22 PM
930	Kleinkes farm	8/4/2018 3:08 PM
931	Kleinke's farm. Other farmland.	8/4/2018 2:44 PM
932	Rail trail. Riverfront area	8/4/2018 2:36 PM
933	Farmland along Meads Road, Feura Bush Road and Kenwood Avenue. Area near the Y and along the Rail Trail. The farmland owned by the county or city of Albany by the Normanskill.	8/4/2018 1:27 PM
934	Along the Hudson, area around Five Rivers,	8/4/2018 12:49 PM
935	Preserve the Kleinke farm. It is unconscionable that the stepmother heir to the farm would be able to deprive her husband's kin of their family legacy when the family is willing and striving to buy the property. They should certainly have first refusal to the land which they want to farm since it was unfortunately left to the stepmother and not kept in the family. Everything should be done to honor the family heritage over the construction of more homes and creation of more traffic backup. The farm at Wemple road and 9W? is a beautiful site/sight of old farm buildings. It makes me so sad that it has been abandoned and will be developed. The former farm on Wemple near Hewitts with its magnificent barn that was destroyed is now all housing - such a loss. I love the farm by Hewitts, being able to enjoy the sight of the cows and barns and not needing an hour's drive to enjoy our farming heritage.	8/4/2018 12:46 PM
936	farmland/forest borders	8/4/2018 12:42 PM
937	No opinion	8/4/2018 12:17 PM

938	Kleinke's farm - just the sight of it makes you take a big exhale, wipes away a stressful day, slows you down a little bit and bring a smile to your face. There's no other place like it in Delmar. Do we really need another apartment/condo/townhouse or single family development in its place? I think not. What we need is one beautiful farm. Please try and preserve something that many people (old and young alike) hold close to their hearts. Thank you!	8/4/2018 11:46 AM
939	Kleinke farm and other farms ... I don't know their names.	8/4/2018 11:28 AM
940	All of it. Enough development already. Too many new homes.	8/4/2018 11:22 AM
941	The forested areas and wetlands/creeks because it provides wildlife a home and is honestly quite beautiful.	8/4/2018 11:22 AM
942	Kleinke Farm and surrounding properties, all currently undeveloped properties along Rt. 32 and out Delaware Avenue as far as the Clarksville limits, properties along 140 and out Rt. 85 to New Scotland,	8/4/2018 11:19 AM
943	Kleinke's farm and lands - near my home - farmland near the high school and Five Rivers area.	8/4/2018 11:12 AM
944	The town shouldn't be in the business of conservation. It should exist to maintain services for its residents: Policing, Parks, Streets, Water, Sewer, etc...	8/4/2018 10:36 AM
945	Keep retail where it is now. Only add housing in areas that are already developed. Mixing retail and housing is a waste of time and space. Most retail in this fashion has not been leased. waste of time/money. Do not develop the corner of Wemple and 9W.	8/4/2018 10:10 AM
946	Riverfront, Five Rivers, Rail Trail and Town Park	8/4/2018 9:37 AM
947	All of them! Development and loss of wild land and forest has been a blight and health risk to Bethlehem.	8/4/2018 9:33 AM
948	Watersheds Feura Bush, wemple road, area around 5 rivers, Don't know all the places.	8/4/2018 9:12 AM
949	Areas on new Scotland, Delaware, Kenwood	8/4/2018 9:05 AM
950	North Bethlehem, Cedar Hill and rest of Hudson shoreline, Glenmont, South Bethlehem, Slingerlands	8/4/2018 9:02 AM
951	I have been a resident of the town since 1977. I think the town does not need any more residential growth. All places are important.	8/4/2018 8:34 AM
952	Meads Lane, Waldenmeier Lane, south end of Elm Avenue, Hudson riverfront area.	8/4/2018 8:31 AM
953	the meadow on Beacon Rd. at the Wemple end behind Quincy Rd.	8/4/2018 8:29 AM
954	Woodlands, walking trails	8/4/2018 8:29 AM
955	The farmlands are especially important. These are long time residents who care about the town	8/4/2018 7:54 AM
956	Any open space. We are over developed.	8/4/2018 7:47 AM
957	Wherever there is currently open, undeveloped spaces	8/4/2018 7:44 AM
958	Farmland on Ken wood ave near McGee park needs to be preserved. Farmland near Hewitts in glenmont, and the farms on meads lane	8/4/2018 7:26 AM
959	Places that the Town owns, not any privately owned spaces.	8/4/2018 6:33 AM
960	Lower Kenwood Avenue, its too late for 9W...wemple rd and that area..out past the high school..areas that haven't already had developments ruin the character of the area	8/4/2018 1:24 AM
961	Kleinke's farm land!!	8/4/2018 1:11 AM
962	Glenmont area, east of Fuerst bush road	8/4/2018 12:31 AM
963	Any open land at this point, but the most important is water shed areas and land that needs to be protected from corrosion like along the ravines.	8/3/2018 9:41 PM
964	All over town wherever there are open spaces	8/3/2018 9:37 PM
965	Fisher Boulevard/ Orchard Street area	8/3/2018 9:07 PM
966	Near Elsmere School woods and ravines, near Normanside. Clarksville area.	8/3/2018 8:56 PM
967	Farms, parks, and trails are very important to conserve.	8/3/2018 8:17 PM
968	Elm Ave Park. Colonial Acres Golf. Five Rivers.	8/3/2018 6:44 PM

969	All of the wooded lots .. all land adjacent to the rail trail and water lines	8/3/2018 6:33 PM
970	nknown	8/3/2018 5:36 PM
971	Any areas abutting water and wetlands as well as existing farmland.	8/3/2018 2:18 PM
972	along the shoreline	8/3/2018 11:37 AM
973	Fisher Boulevard, 5 Rivers area	8/3/2018 9:20 AM
974	Not sure	8/3/2018 7:45 AM
975	Everywhere needs to be conserved land needs to be conserved. We will be having water and sewer issues with so this new housing going up and apt prices to steep for normal people to rent.	8/2/2018 7:40 PM
976	Riverfront; expansion of existing protected open spaces; land with unique environmental or geographic characteristics; stream corridors(also allowing trail connections along them)	8/2/2018 4:50 PM
977	South Bethlehem, Slingerlands	8/2/2018 3:30 PM
978	When housing developments and the associated income that comes into the town from taxes takes precedent over preserving woods and farms - then the town has lost its way on what is most important.	8/2/2018 2:00 PM
979	Open spaces and undeveloped land near major interstates and thoroughfares seem to be the most threatened. Perhaps better survey work of these areas should be conducted to try to predict which farms and rural landscapes are the most vulnerable to development pressures.	8/2/2018 12:44 PM
980	Practically all over the town. The area that requires attention are Delaware and Elm Ave, New Scotland near PC and Maher rd. I suppose ALL areas require some conservation. With indiscriminately cutting of trees along these two roads, especially behind Valero gas station it is a big ugly pit, the meaning of Avenue is lost. The empty lot behind Valero is used as a mini garbage dump, the same is true for land between BHS and residential area, where there used to be a stream. Delmar is rapidly loosing its character as a hamlet. I am sure the Comprehensive and Land Use Plans need upgrades and Zoning ordinances taking into consideration trees and other vegetation to design sustainable buildings. Hope this message reaches the Town Supervisor and the planners before mid term elections. Please be kind enough to reply. If you need more info contact me at the following. Homi Mistry, AIA, MRP Architect and Urban Planner 518-703-1119	8/2/2018 11:34 AM
981	Ball fields, Elm Park, all the parks now in the township, land along the Hudson River including Vlomanskill, lands around the waterways such as the Normanskill. Land on Van Dyke and Meads Lane which are beautiful areas to bike along and enjoy.	8/2/2018 10:54 AM
982	South of 32 where there is still open space.	8/2/2018 10:05 AM
983	In general, the entire town.	8/1/2018 11:57 PM
984	Hudson River. Support any farmer that wants to keep farming.	8/1/2018 10:39 PM
985	Swiftys and CVS	8/1/2018 9:56 PM
986	Delmar is turning into a city. Lower the taxes so we can keep the farms.	8/1/2018 8:20 PM
987	North Bethlehem, Krumkill Road, Rt 9W area and Bethlehem Farmlands	8/1/2018 8:08 PM
988	Near streams and river systems. Prime farmland soil areas. Karst geologic areas. Large blocks of woodlands and highly sloped areas.	8/1/2018 5:56 PM
989	Everywhere. Stop cramming three houses in where one seems to barely be optimum	8/1/2018 4:53 PM
990	Historic Slingerlands, South Bethlehem	8/1/2018 4:53 PM
991	Along the Hudson and other local waterways. 5 rivers area (already too developed)	8/1/2018 4:39 PM
992	In my personal opinion I believe that the most important places to conserve are all of the open spaces and farmland they are apart of Bethlehem and help make it the great place that it is.	8/1/2018 4:29 PM
993	In my personal opinion I believe that the most important places to conserve are all of the open spaces and farmland they are apart of Bethlehem and help make it the great place that it is.	8/1/2018 4:29 PM
994	All open space. We are saturated with building. Save the open spaces.	8/1/2018 4:21 PM
995	Don't know	8/1/2018 4:02 PM
996	Kenwood Ave, Feura Bush Road	8/1/2018 3:53 PM

997	Riverfront	8/1/2018 3:16 PM
998	Glenmont's Van Wie and Wemple Road AND everything in Glenmont past Selkirk fire house towards River Road and beyond to HHPark	8/1/2018 3:06 PM
999	Anywhere that hasn't been developed yet needs conservation efforts, rte 9w corridor, 32, 443, etc.	8/1/2018 2:30 PM
1000	Parks, woods, farmland and wetlands	8/1/2018 2:30 PM
1001	I truly believe that the Town is over developed. It seems that every square inch of land is being developed. I think that route 9w, feura bush road, wemple road should all be conserved with no further development. I think that if there has to be more residential development in the town it should be in the outermost corridors such as Clarksville down route 32 south near the town of feura bush.	8/1/2018 2:25 PM
1002	Meads and other farms like it need to be kept as open farm land as too many developers have been allowed to take the land in Bethlehem and develop into homes on top of homes. Part of the allure of Bethlehem-Delmar is the suburban feel with open land, farms, etc. If we turn into the next Clifton Park you will kill the character of this town and risk losing the quality residents and schools you once had.	8/1/2018 1:20 PM
1003	Farmland	8/1/2018 1:10 PM
1004	Areas in Glenmont, Slingerlands, Feura Bush, South Bethlehem	8/1/2018 1:00 PM
1005	Farms	8/1/2018 12:56 PM
1006	River front, wetland areas, land adjacent to parks and other public space, land that requires significant infrastructure investment.	8/1/2018 12:48 PM
1007	All over.	8/1/2018 12:47 PM
1008	Wemple road	8/1/2018 12:28 PM
1009	N/A	8/1/2018 12:03 PM
1010	Focus on current open space owned by the town such as town parks etc. For example Henry Hudson Park is an extremely under utilized piece of open space, and make this park available for Town Residents only like Elm Ave park etc, there are many people from outside of Town using this park on a daily basis	8/1/2018 12:01 PM
1011	In developed areas where they can be enjoyed as opposed to rural areas where there is little access	8/1/2018 11:49 AM
1012	All the preserve and public parks. Conversion of farmland to residential area (not commercial) would be acceptable if it's done at a slow pace, so traffic and such can be well planned in advance	8/1/2018 11:23 AM
1013	current open spaces	8/1/2018 10:18 AM
1014	outlying areas that are farm land now	8/1/2018 10:17 AM
1015	I believe it is important that Bethlehem conserve as much land as possible. The town is over-built. The number of condos and multi-dwelling housing buildings is creating way too much traffic and drain on the town's resources.	8/1/2018 10:09 AM
1016	Any place not developed... into big tracks of houses	8/1/2018 9:36 AM
1017	Meads farm, five rivers, levies farm.	8/1/2018 9:32 AM
1018	Land surrounding existing parks and preserves like Five Rivers. Open land that is contiguous with other open land (for example, at Town borders).	8/1/2018 9:19 AM
1019	Anyplace that is not yet built upon, or as much as possible!	8/1/2018 9:13 AM
1020	I don't know of specifics, but the more big tracts of land that can be saved, the better. Thank you for all that you do!!!!!!	8/1/2018 8:58 AM
1021	Anywhere existing greenspace is located.	8/1/2018 8:51 AM
1022	Slingerlands	8/1/2018 8:49 AM
1023	River and stream frontage.	8/1/2018 8:48 AM
1024	Stop overreacting and raising assessments and taxes. The land wasn't being developed until assessment changes and raising taxes drove land owners out	8/1/2018 8:46 AM

1025	4 corners area	8/1/2018 8:45 AM
1026	Wetlands, areas that support clean water, spaces for public use such as trails, support for current farmers to keep local food sources	8/1/2018 8:43 AM
1027	They've built so much all the remaining spaces are important.	8/1/2018 8:37 AM
1028	Kleinkes is a huge loss.	8/1/2018 8:16 AM
1029	Any open space we can keep without further development is a benefit too the town.	8/1/2018 8:14 AM
1030	All large tracks of open land.	8/1/2018 8:02 AM
1031	I believe that all the open spaces and farmland that Bethlehem currently has should be conserved.	8/1/2018 7:56 AM
1032	All of them.	8/1/2018 7:52 AM
1033	I don't know	8/1/2018 7:42 AM
1034	Normanside CC, around 5 rivers, near parks and schools, all current woods and farmland.	8/1/2018 7:27 AM
1035	My view may be extreme, but I feel that there should be a moratorium on all development in the Town of Bethlehem. I have lived in Slingerlands or Delmar for most of my life and I weep when I see what has been done to the once beautiful fields and forests in the town. We need to conserve all of what is left before it is all destroyed.	8/1/2018 7:06 AM
1036	Existing open spaces should be preserved.	8/1/2018 7:03 AM
1037	Glenmont in general, Kenwood ave, area between 9w and 144	8/1/2018 6:53 AM
1038	Conservation is only part of the issue. Traffic/infrastructure is a concern and so is the aesthetic/architecture of the construction the town is approving. For example, the townhouses along Elsmere Avenue in Glenmont that have gone up over the last couple years are hideous and were built with minimal setback. Sunmark Credit Union just went up on Delaware Avenue. Why? How many banks does a mile stretch of road need in one town? Brick and mortar banking is dying. The town needs a comprehensive master plan for development.	8/1/2018 6:35 AM
1039	five rivers, kleinkes farm, helderbergs, elm ave, water trail, bike path, woods behind each elementary school	8/1/2018 6:30 AM
1040	Wildlife habitat near lakes streams and rivers	8/1/2018 6:29 AM
1041	Farmlands and private properties. But your taxes are causing landowners to sell. Some would give land to towns if you weren't over taxing them and wasting that money.	8/1/2018 6:25 AM
1042	Environmental regulation already takes care of this!	8/1/2018 6:14 AM
1043	Town parks	8/1/2018 5:52 AM
1044	Glenmont	8/1/2018 5:46 AM
1045	My opinion is your 2% transfer tax SUCKS	8/1/2018 4:15 AM
1046	All remaining spaces!! Most especially Feura Bush Road area (this area can NOT support more people and you'll destroy some of the last remaining wildlife space!) Kleinke's Farm, the area near Five Rivers and any other farm space or space that supports wildlife and natural beauty.	8/1/2018 1:58 AM
1047	There is far too much construction now which means traffic has increased immensely.	8/1/2018 1:54 AM
1048	Village of Delmar, glenmont. Overbuilding in the latter creates traffic problems in former.	8/1/2018 1:07 AM
1049	Farmland in Glenmont/Selkirk and lands in Delmar	8/1/2018 12:57 AM
1050	Font grove	8/1/2018 12:03 AM
1051	Existing working farms.	7/31/2018 11:27 PM
1052	The existing areas. Owners are selling off to pay taxes.	7/31/2018 11:21 PM
1053	Glenmont	7/31/2018 11:21 PM
1054	South Bethlehem parks and farms	7/31/2018 10:53 PM
1055	Bethlehem is honestly not super historic or senic. We are a suburb. People live here to be close to the city but be out of the city. Save some old historic buildings were people are willing to restore and let Bethlehem be the suburb that it is.	7/31/2018 10:46 PM

1056	Historic properties, and upgrade Henry Hudson Park	7/31/2018 10:46 PM
1057	The farmland on Fuera Bush Rd.	7/31/2018 10:44 PM
1058	Parks, Hudson River shoreline	7/31/2018 10:43 PM
1059	All	7/31/2018 10:32 PM
1060	Along the river	7/31/2018 10:26 PM
1061	Land close to the Pine Hollow Arboretum and Five Rivers; Wemple Rd; Near Kelinke"s Farm and Stanton Farm	7/31/2018 10:15 PM
1062	The farm land on Kenwood Avenue, and the land on Fisher. I'm sure there are other spots, but I am not aware of them.	7/31/2018 10:06 PM
1063	My backyard, between Shanks PL and Elm Ave and the Bypass!!! I pray that the proposed development, 60 homes, is reconsidered. This area in particular would make an excellent addition to the town park system; though I realize it is privately owned and respect that it is the owner's prerogative what to do with it.	7/31/2018 9:47 PM
1064	Kenwood Ave., henry hudson Park, parts of Rt 144. Keeping it country, the rest of wemple rd.	7/31/2018 9:32 PM
1065	How about focusing on maintaining affordability for all residents including the farmers. The new tax is a terrible idea. We can afford an open space coordinator? Unimaginable ten years ago.	7/31/2018 9:26 PM
1066	Anywhere there is open space left. It is getting hard to find.	7/31/2018 9:23 PM
1067	All green space... I have grown up here... the development... and date I say I, overdevelopment of the green space is destroying the charm and health of our town. It is straining our resources and congesting our common areas & roads-	7/31/2018 9:21 PM
1068	Everywhere. STOP overtaxing land so owners are not forced to sell. Transfer tax is NOT the way to go	7/31/2018 9:14 PM
1069	Schools	7/31/2018 9:13 PM
1070	Obviously the only places where there is open land.	7/31/2018 9:13 PM
1071	Five rivers area and land off of Fisher, land behind the old Mangias and farmland off Ferrari Bush	7/31/2018 9:13 PM
1072	Farms, wooded areas, the town park.	7/31/2018 9:11 PM
1073	Any open spaces, wooded areas and farms. It's becoming so overdeveloped. There are so many rentals and condos in the area it really takes away from the charm of the area.	7/31/2018 9:09 PM
1074	Stretches along waterbeds, areas closer to River Rd, areas adjacent to Five Rivers. Honestly, much of the remaining town is already developed.	7/31/2018 9:09 PM
1075	Farmlands. Help the farmers do they don't have to sell in the first place. Cycling and walking are important, no doubt, but NOT at the expense of farmers and land owners.	7/31/2018 9:08 PM
1076	Existing open space in residential neighborhoods and surrounding woodland and farms.	7/31/2018 9:06 PM
1077	The whole Town	7/31/2018 9:01 PM
1078	It already was conserved had you not raise everyone's taxes and made it so landowners could no longer afford to keep their lands.	7/31/2018 9:00 PM
1079	5 rivers	7/31/2018 8:57 PM
1080	Farms and open space	7/31/2018 8:57 PM
1081	I think we have enough protected open land	7/31/2018 8:53 PM
1082	Riverfront	7/31/2018 8:52 PM
1083	Any woods and farmland we have left.	7/31/2018 8:40 PM
1084	Green spaces, large open spaces, waterways and wetlands, wild spaces	7/31/2018 8:29 PM
1085	keeping farming land and wetlands	7/31/2018 7:59 PM
1086	Kenwood ave farms	7/31/2018 7:51 PM
1087	All of the farmland including Kleinke's farmland, all current open spaces, all forests. Everything that is not currently developed should be preserved. The area is already busting at the seams.	7/31/2018 7:42 PM

1088	Buffer areas, wetlands, farmland - we need to be thinking long-term and about how we can be as self-sustainable as possible.	7/31/2018 7:39 PM
1089	No idea	7/31/2018 7:33 PM
1090	Historic Slingerlands and the surrounding areas. The character of the New Scotland / Kenwood corridor is what attracted us to this area, and I cringe at the prospect of banks, apartments, and other modern development eroding the character of our town's only registered "historic district".	7/31/2018 7:25 PM
1091	Our parks.	7/31/2018 7:22 PM
1092	Klinekes farm, five rivers, land by the high school	7/31/2018 7:17 PM
1093	Historic sites and forestland	7/31/2018 6:34 PM
1094	all remaining green areas	7/31/2018 6:24 PM
1095	All existing farms in Bethlehem. Any land that provides water and shelter for the animals.	7/31/2018 6:22 PM
1096	5 Rivers, the Town parks & trail system, farmland. Too much development, too fast will not be good for the Town, long term. Keep desirability high.	7/31/2018 6:08 PM
1097	The Town has plenty of space in parks and lands that are in conservancy. No more is needed. It takes land out of the hands of those that pay taxes on it. We should be building more here so people don't waste gas traveling even further out because we would not allow building here. The builders will not build if they don't have buyers for those houses.	7/31/2018 5:53 PM
1098	All the existing farms in the area. I have seen people move into an area because of the farms and then sue the farmers because of the smell, noise, dust early working hours that a farmer requires and then after the newcomers win their case sue the farmers for selling off the land because the farmer could no longer work their farms	7/31/2018 5:46 PM
1099	The Fisher Blvd land that MHLC is trying to preserve for Five Rivers, the area between the roundabout by shoprite and going toward 85, meads lane, any waterfront areas	7/31/2018 5:11 PM
1100	Along the Normanskill and the current farmland which runs through the town.	7/31/2018 5:10 PM
1101	Active farms, wetlands	7/31/2018 5:07 PM
1102	All and any open green space and farmland! This town is becoming unrecognizable with all this thoughtless development!	7/31/2018 5:01 PM
1103	Kleinke's farm and the surrounding area Green spaces within each neighborhood Existing parks	7/31/2018 4:53 PM
1104	All that land at Kleinke's Farm. The rail trail land, Wemple Rd, Feura Bush, Five Rivers, all that land by Five Rivers. All that land behind Delaware Plaza. 9W, All that land by the First Reformed Church of Bethlehem. Bender Lane.	7/31/2018 4:52 PM
1105	Prime farmland, stream corridors	7/31/2018 4:24 PM
1106	areas that border development. so many neighborhoods have expanded and are on the verge of losing all open space area	7/31/2018 4:23 PM
1107	All of the remaining farmland and forest.	7/31/2018 3:58 PM
1108	hudson river access and waterway access	7/31/2018 3:56 PM
1109	Open spaces in Glenmont and Slingerlands	7/31/2018 3:41 PM
1110	A little bit of everything. The right changes are important.	7/31/2018 3:40 PM
1111	Since Delmar and Elsmere seem to be pretty much full I would say the other neighborhoods.	7/31/2018 3:34 PM
1112	Kleinke's farm	7/31/2018 3:27 PM
1113	Access to the Hudson River and areas near Five Rivers.	7/31/2018 3:22 PM
1114	We have wonderful open spaces that already exist in our community - Pine Hollow, Five Rivers, the town's park system, the Helderberg Hudson Rail Trail (as well as other MHLC lands in town) to name a few. I think it's appropriate to allow for in-filling where it's feasible and to try and maintain the larger tracts of undeveloped land on the outskirts of town.	7/31/2018 3:20 PM
1115	Kleinke's farm	7/31/2018 3:18 PM
1116	everywhere	7/31/2018 3:13 PM

1117	All parks and wooded areas	7/31/2018 3:13 PM
1118	All of them...Kenwood Ave, Glenmont, 9W, etc.	7/31/2018 3:07 PM
1119	I would like to see the area on kenwood ave to remain open. Kleinkes farm land is beautiful. I have enjoyed many childhood years visiting the property and I would like to be able to take my own children to enjoy it. Overall I believe Bethlehem has become too developed. Traffic is overwhelming and resources are stretched thin. I worry about being able to accommodate children within the district with a good education.	7/31/2018 3:05 PM
1120	I'm not sure I understand the question the way it is framed. I think preserving farms, buying back double lots that were hard hit to avoid developer poaching, and putting a moratorium on builders trying to buy up vacant land is a start.	7/31/2018 2:58 PM
1121	Primarily farmland, whether in use or not, along Wemple Road, Feura Bush Road, and in the Delaware Avenue area, especially around 5 Rivers.	7/31/2018 2:57 PM
1122	I'm familiar with some old farmlands and undeveloped land in Selkirk, south Bethlehem, and Delmar areas. I grew up in Selkirk, the town of Bethlehem, and now live in Delmar. I've seen so much development in my lifetime, and am pleased to see this survey. Land, for farming, history, scenery, enjoyment, etc etc is so important for a healthy happy life. I hope our town continues to realize this and protect it and care for it, so it's here for all generations to come. This is a beautiful piece of earth we have here in Bethlehem!	7/31/2018 2:55 PM
1123	Five Rivers and Hudson River	7/31/2018 2:45 PM
1124	Henry Hudson Park, Kenwood Ave near Bypass, Route 9W in Selkirk	7/31/2018 2:32 PM
1125	5 Rivers, Clarksville area, Delmar near the high school, Glenmont, The Hudson riverfront, Slingerlands, Elsemere	7/31/2018 2:24 PM
1126	Rural areas, community centers	7/31/2018 2:06 PM
1127	Wetlands	7/31/2018 2:05 PM
1128	Any farmland and wetland area. Town should try to incentivize use of farmland as such. Building more home without more space in schools is going to be a problem	7/31/2018 2:03 PM
1129	Kleinkes farm, anyplace with trees and farm land. Stop messing with the habitat. Delmar is getting congested.	7/31/2018 1:59 PM
1130	Historic properties and the character of neighborhoods	7/31/2018 1:46 PM
1131	existing farms	7/31/2018 1:45 PM
1132	Any open space that has yet to be developed should not be developed. The addition of stores, apartments and even housing is, in my opinion, at critical mass. Our quaint and small town is turning into a little Latham. Bethlehem used to be a special place to live (born and raised), but with all of this development, I question if paying the high taxes and mortgages are worthwhile. The inspiration to live in Bethlehem cannot begin and end with being the top school district. There has to be more reason to stay.	7/31/2018 1:45 PM
1133	I think that the Kleinke's Farm land (off Kenwood, adjacent to Route 32) should be conserved, along with the farmland on Mead's Lane in Slingerlands. While I am certain that there are other areas with which I am unfamiliar, these two, in particular, would create traffic and congestion hassles if developed. In addition, we can't be complicit in allowing upstate New York to become one giant suburb punctuated by small cities. It's crucial for our quality of life that there are areas that continue to be farmland or undeveloped space.	7/31/2018 1:38 PM
1134	Kleinke's farm, Five Rivers	7/31/2018 1:37 PM
1135	no place people should have the right to develop their land as they see fit.	7/31/2018 1:33 PM
1136	Areas along the rail trail in Slungerlands and also Elsmere. Also Wright Road off of North Street.	7/31/2018 1:29 PM
1137	Rail trail, Wemple Road/9W area, Kleinke Farm/Kenwood area	7/31/2018 1:25 PM
1138	All parts.	7/31/2018 1:19 PM
1139	Five Rivers; Normanskill; Henry Hudson; Moh-He-Con-Nuck Nature Preserve; Kleinke's Farm	7/31/2018 1:17 PM
1140	Outside of main areas	7/31/2018 1:16 PM

1141	None. Should just make it affordable for farmers to keep farming and allow people to do what they want with their land within zoning laws. Including selling it for development	7/31/2018 1:10 PM
1142	The Rail Trail, Glenmont, Selkirk areas	7/31/2018 1:10 PM
1143	Any open space in the Village and nearby, such as Kleinke's. Also just about any areas not currently used for commercial and industrial uses.	7/31/2018 12:54 PM
1144	All current open space. There needs to be a moratorium on development, especially apartments, and especially in Glenmont.	7/31/2018 12:49 PM
1145	Existing farmland, open land, wooded land, and undeveloped land in developed areas.	7/31/2018 12:47 PM
1146	Farms forests parks and all public land	7/31/2018 11:56 AM
1147	elm ave	7/31/2018 10:31 AM
1148	Our current farms, parks, open spaces.	7/31/2018 10:17 AM
1149	The acknowledged historic areas, such as the National Historic District in Slingerlands.	7/31/2018 10:15 AM
1150	Five Rivers, Kleinke's, Bender Lane/Glenmont, areas along the bike trail and the Normanskill, random green spots - especially near schools, but everywhere where people can easily walk to and find a little peace in nature.	7/31/2018 10:09 AM
1151	Large open spaces for current and future farming. Local food is important to me. Want to see more new, young farmers coming into town to grow and sell food locally. Also, large and smaller forested areas should be conserved.	7/17/2018 12:15 PM
