Town of Bethlehem
Residential Data Improvement Project

For the first time since **1992,** the Town has concluded its town-wide Residential Data Improvement Project. The project is designed to ensure the accuracy of property inventory data for the purposes of equitable property tax assessments.

PLEASE GO TO:

https://sdg.townofbethlehem.org/index.aspx

and verify your property inventory data currently on file at the Town Assessor's Office.

If you discover a discrepancy(s) regarding your property inventory data, please follow the instructions on the website and fill out the online "Feedback Form".

For ***non-internet*** users or questions, please call the Assessor's Office at:
518-439-4955 ext. 1102

Thank you in advance for participating in this important project!
