The Compost Facility opens for the season on April 1st, and closes for the season on November 20th.

About: The Town of Bethlehem's Compost Facility provides an ecologically responsible way of processing the yard waste and organics generated by Town residents, and offers high quality compost and wood mulch products made from these materials. The facility is open to the public, and accepts yard waste for drop-off (tipping fees apply to businesses & non-residents). Food scraps are currently accepted on a very limited basis from local haulers with advanced permission only (tipping fees apply).

Compost Products: Screened Compost, Leaf Compost and Wood Mulch are available at the Compost Facility for residents, non-residents and commercial users. Rates vary by user type and can be found [on the town website](#). Facility hours are 8 a.m. – 4 p.m. when open (see calendar above).

Dropping Yard Waste: Town Residents may drop off yard waste for FREE (up to 4 yards/week) during full service and self service days. Commercial users may only drop off yard waste during full service days at a rate of \$10/yard.
